

CHAPTER LXXIII.

AN ACT

Supplementary to the act, entitled "An act to authorise the inhabitants of the Northern Liberties within a certain described part thereof, to regulate the streets, lanes and alleys within the same, and for other purposes therein mentioned," passed the seventeenth day of April one thousand seven hundred and ninety-five.

WHEREAS the surveyors appointed under the act, entitled "An act to authorise the inhabitants of the Northern Liberties within a certain described part thereof, to regulate the streets, lanes and alleys within the same, and for other purposes therein mentioned," did from time to time survey, regulate and direct the courses and degrees of descent, and the distances from the lines of the streets, lanes, alleys and roads, and the gutters, natural water courses and common sewers, and also survey and regulate the streets, lanes, alleys and roads lying and being within that part of the township of the Northern Liberties at the time of such survey, and did return the said survey in three different plans or drafts to the justices mentioned in the said act agreeably to the directions of the same, and the said three different plans or drafts after publication and the examination, hearing, adjudging and determining of the justices and freeholders thereon, were severally together with the adjudication of the said justices and freeholders lodged in the office of the clerk of the court of quarter sessions of the county of Philadelphia. And whereas it appears that the adjudication on the first division of the said plan of survey, being a plan of that part of the township south of Pegg's Run, was neglected to be signed by one of the freeholders aforesaid; and also that the plan of survey of the third division of said district, being that part of the said township lying north of Brown street, has accidentally become so mutilated and injured that it will not serve as a record of the said survey, but the drafted plan of the original survey from which the said plans were formed now remain in the hands of the surveyors who made the same.

SECT. 1. *BE it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same;* That the plan of survey of that part of the Northern Liberties south of Pegg's Run, being the plan returned as the first division of a survey had under an act, entitled "An act to authorise the inhabitants of the Northern Liberties within a certain described part thereof, to regulate the streets, lanes and alleys within the same, and for other purposes therein

mentioned," shall be, and the same is hereby established forever, and shall be always held and deemed to be as complete and valid as if the adjudication thereon had been signed by the whole of the freeholders required by law to sign the same; and the surveyors who made such survey are hereby authorized and empowered from the drafted plan of the original survey in their possession, to make a correct draft or plan of the survey of that part of said township north of Brown street, which they shall certify on oath or affirmation before the president of the court of quarter sessions of the said county of Philadelphia, to be in accordance with the plan returned by them under the act aforesaid, and the said plan with the certificates thereon shall be lodged for record with the clerk of the court of quarter sessions of the county of Philadelphia, and shall thenceforth be deemed and considered as valid to all intents and purposes as any plan formerly returned by them; and all expenses attending the performance of the duties prescribed by this act, shall be paid by the board of commissioners and inhabitants of the incorporated district of the Northern Liberties.
