

No. 306

AN ACT

To prohibit the sale and offer for sale of the labeled artificial flowers of certain veterans' organizations except on the days appointed for such purpose.

Section 1. Be it enacted, &c., That it shall be unlawful for any person to imitate, sell or offer to sell the labeled artificial flowers of the American Legion, Veterans of Foreign Wars, Spanish American War Veterans, and Disabled American Veterans of the world war, namely the poppy, the buddy poppy, carnation, and the forget-me-not, except on the day or days designated or appointed by the respective veterans organizations to conduct such sales. Any person violating the provisions of this act shall, upon conviction in a summary proceeding, be sentenced to pay a fine of not more than fifty dollars (\$50), and in default of the payment of such fine and costs shall be sentenced to imprisonment for ten days.

Prohibiting the imitation and sale of artificial flower of veterans' organizations.

Violations.

APPROVED—The 2d day of June, A. D. 1937.

GEORGE H. EARLE

No. 307

AN ACT

To protect the public against fraud and deception; regulating the business of selling liquid fuels by requiring persons engaged in the sale or distribution of liquid fuels to secure a permit or permits for pumps or outlets used therein; prescribing the method and manner of obtaining such permit or permits and prescribing the fees for the issuance thereof; conferring powers and imposing duties on the Department of Revenue and prescribing penalties.

Section 1. Be it enacted, &c., That, as used in this act, the term "liquid fuels" shall include all distillates of, and condensates from, petroleum, natural gas, coal, coal tar, vegetable ferments, and other oils, including among others, gasoline, naphtha, benzol, benzine, or alcohols, which are ordinarily, practically, and commercially usable in internal combustion engines for the generation of power, except kerosene, fuel oil, and gas oil: Provided, That petroleum naphtha, which distill, by American Society of Testing Materials Methods D 86-27, or United States Bureau of Mines Method 100.13, not more than nine (9) per centum at 176° F sold for any purpose other than use in internal combustion engines for the generation of power, and which are not ordinarily, practically, and commercially usable in internal combustion engines, are not included in the definition of "liquid

Liquid fuels.
