

for public improvements affecting lands owned.

Section 6. The lease shall terminate (i) at the end of the ninety-nine years herein provided, or (ii) at an earlier date by mutual agreement, or (iii) if, as and when, during the term of ninety-nine years, lessee discontinues the use of the premises for school purposes, whereupon the right of possession and all rights to the above described premises, together with all improvements erected thereon, shall forthwith revert to lessor and its assigns.

Section 7. This act shall take effect immediately.

APPROVED—The 14th day of December, A. D. 1967.

RAYMOND P. SHAFER

No. 365
AN ACT

HB 1961

Amending the act of May 23, 1945 (P. L. 913), entitled "An act relating to and regulating the practice of the profession of engineering; including civil engineering, mechanical engineering, electrical engineering, mining engineering, chemical engineering, surveying and constituent parts and combinations thereof as herein defined; providing for the licensing and registration of persons practicing said profession, and the certification of engineers in training, and the suspension and revocation of said licenses, registrations and certifications for violation of this act; prescribing the powers and duties of the State Registration Board for Professional Engineers, the Department of Public Instruction and the courts; prescribing penalties; and repealing existing laws," waiving examination requirements for certain applicants for licensure.

The General Assembly of the Commonwealth of Pennsylvania hereby enacts as follows:

Section 1. Clause (3) of subsection (b) of section 4, act of May 23, 1945 (P. L. 913), known as the "Professional Engineers Registration Law," is amended to read:

Section 4. General Powers of Board.—The board shall have power—

* * *

(b) Licensing Professional Engineers.—To provide for and to regulate the licensing, and to license to engage in the practice of engineering any person of good character and repute who is a citizen of the United States, or has declared his intention of becoming a citizen thereof, at least twenty-five years of age, and who speaks and writes the English language, if such person either—

* * *

(3) Has had four or more years' experience in engineering work under the supervision of a professional engineer, or a similarly quali-

fied engineer of a grade or character to fit him to assume responsible charge of the work involved in the practice of engineering, and is either an engineer-in-training or a graduate in engineering of an approved institution or college having a course in engineering of four or more years, or has had ten years of experience in engineering work, seven years of which shall have been in teaching or study in an approved institution or college, and three years of which shall have been active experience in engineering work under the supervision of a professional engineer, or a similarly qualified engineer of a grade or character to fit him to assume responsible charge of the work involved in the practice of engineering, and who is a graduate of an approved institution or college having a course in engineering of four or more years and who in either event successfully passes a written examination prescribed by the board in engineering subjects. In the case of the examination of an engineer-in-training his examination shall be directed and limited to those matters which will test the applicant's ability to apply the principles of engineering to the actual practice of engineering. In the case of an applicant who is not an engineer-in-training the examination shall be for the purpose of testing the applicant's knowledge of fundamental engineering subjects, including mathematics and the physical sciences and those matters which will test the applicant's ability to apply the principles of engineering to the actual practice of engineering: Provided, That graduates in engineering who were graduated prior to January 1, 1968 or engineers-in-training who received a certificate from the board prior to January 1, 1968, shall not be required to take the examination prescribed for engineers-in-training.

* * *

APPROVED—The 14th day of December, A. D. 1967.
