## SB 1145

Amending the act of May 1, 1933 (P.L.103, No.69), entitled "An act concerning townships of the second class; and amending, revising, consolidating, and changing the law relating thereto," further providing for assessments for lighting.

The General Assembly of the Commonwealth of Pennsylvania hereby enacts as follows:

Section 1. Clause II of section 702, act of May 1, 1933 (P.L.103, No.69), known as "The Second Class Township Code," reenacted and amended July 10, 1947 (P.L.1481, No.567) and amended May 24, 1951 (P.L.370, No.85), is amended to read:

II. Contracts and Assessments for Lighting.—**[On] To provide street lights and make regulations for the protection thereof; and upon** the petition of the owners of a majority of the lineal feet frontage along any road, highway, or portion thereof within the township, to enter into contract with electric, gas, or other lighting companies to light and illuminate said roads and highways and other public places with electric light, gas light, or other illuminant.

**[The] When street lights are provided pursuant to such a petition of property owners** the township supervisors **[shall] may** annually assess or cause to be assessed the cost and expense of the maintenance of said lights, **whether or not the property is exempt from taxation by existing law**, by an equal assessment on all property **[within two hundred and fifty (250) feet of such lighting]** in proportion to the number of feet the same fronts on the street or highway or portion thereof to be lighted. The supervisors may provide for an equitable reduction from the frontage of lots at intersections or where, from the peculiar or pointed shape of lots, an assessment of the full frontage would be inequitable. No such assessment shall be made against any farm land, but vacant lots between built-up sections, whether tilled or untilled, shall not be deemed to be farm lands: Provided, however, That the assessment per front foot against vacant lots shall be only

twenty-five per centum of the assessment per foot front against property with improvements thereon. All such assessments for street lighting shall be filed with the township tax collector, who shall give thirty days written or printed notice that the assessments are due and payable; stating the due date to each party assessed, either by service on the owner of the property, or by mailing such notice to the owner at his last known post office address. The tax collector shall be entitled to the same commission for the collection of such assessments as he is entitled to by law for the collection of the township road tax. If the assessments, or any of them, remain unpaid at the expiration of not exceeding ninety days, the exact time to be fixed by the township supervisors, they shall be placed in the hands of the township solicitor for collection. The solicitor shall collect the same, together with five per centum as attorney's commission, and interest, from the date such assessments were due, by a municipal claim filed against the property of the delinquent owner in like manner as municipal claims are by law filed and collected. Where an owner has two or more lots against which there is an assessment for the same year, all such lots shall be embraced in one claim. All assessments, when collected, shall be paid over to the township treasurer, who shall receive and shall keep the same in a separate account, and pay out the same only upon orders signed by the chairman of the township supervisors, attested by the secretary. The tax collector and the treasurer shall make a report to the auditors of the township annually.

Section 2. This act shall take effect in 60 days.

APPROVED—The 11th day of July, A. D. 1980.
