The township supervisors shall deliver such books, papers, and accounts to their successors.

**Section 513.1. When any record shall be recorded or transcribed after the effective date of this amendment by attaching such record or a copy thereof to the book of record as hereinabove provided, the township seal shall be impressed upon each page to which such record is attached, each impression thereof covering both a portion of the**

attached record and a portion of the page of the book of record to which such record is attached.]

**Section 605. Minutes and Records.**—(a) *The board of supervisors shall provide for the recording of minutes of its proceedings and other books it may find necessary in the performance of its duties. The records shall be made available to the board of auditors during the annual audit. Unless the custodian of the records agrees otherwise, the records shall be audited or inspected at the place where they are normally maintained. Supervisors who leave office shall deliver all township records in their possession to their successors or to the township secretary.*

(b) *All township records required to be recorded or transcribed are valid if typewritten, printed, photostated or microfilmed, and, where recording in a specified book of record is required, including minutes of the proceedings of the board of supervisors, the records may be recorded or transcribed in a mechanical post binder book capable of being permanently sealed, with consecutively numbered pages with a security code printed thereon and a permanent locking device with the township seal being impressed upon each page, or bound book with pages being consecutively numbered by transcribing directly upon the pages of the book of record, or may be attached to the book of record by stapling or by glue or any other adhesive substance or material, and all records previously recorded or transcribed in any manner authorized by this section are validated. When any record is recorded or transcribed by attaching the record or a copy of it to the book of record, the township seal shall be impressed upon each page to which the record is attached, each impression covering both a portion of the attached record and a portion of the page of the book of record to which the record is attached.*

(c) *Original or certified copies of ordinances may also be stored in a locking or mechanical post binder book, capable of being permanently sealed, without being fastened onto pages in the binder.*

**[Section 514. Road Districts; Superintendents and Roadmasters.**—The board of township supervisors, immediately after their organization, shall divide the township into one or more road districts. They shall employ a superintendent for the entire township or a roadmaster for each district. Every superintendent and roadmaster, so employed, must be a person physically able to work on and maintain the roads. Township supervisors may require such superintendents or roadmasters to give bond, with a surety company or other company authorized by law to act as surety, for the faithful performance of their duties. The superintendent or roadmasters shall be subject to removal by the board of supervisors. The supervisors shall fix the wages to be paid, either per hour, per day, per week, semi-monthly or monthly, to the superintendent or roadmasters and laborers for work on the roads and bridges, which wages shall not exceed wages paid in the locality for similar services.

This section shall not prohibit the township supervisors from being employed as superintendents or roadmasters, or as laborers, if physically able to work on and maintain the roads. With regard to boards of supervisors which are designated as three-member boards, any supervisor who is to be considered by such a board for a position as a compensated employe of the township, as authorized by this section, shall not be excluded from voting on the issue of such appointment; such action by a supervisor shall be deemed to be within the scope of authority as a supervisor and shall not be deemed to constitute an illegal or an improper conflict of interest. In such cases they shall not employ a superintendent or roadmasters and their compensation shall be fixed as hereinafter provided.

Two or more townships may appoint the same person as superintendent.

**Section 515. Compensation of Supervisors.**—(a) Supervisors may receive from the general township fund, as compensation, an amount fixed by ordinance, not in excess of the following:

Township Population	Annual Maximum Compensation
Not more than 4,999	Fifteen hundred dollars
5,000 to 9,999	Two thousand dollars
10,000 to 14,999	Twenty-six hundred dollars
15,000 to 24,999	Thirty-three hundred dollars
25,000 to 34,999	Thirty-five hundred dollars
35,000 or more	Four thousand dollars

Such salaries shall be payable monthly or quarterly for the duties imposed by the provisions of this act. The population shall be determined by the latest available official census figures, except that no township shall be required to reduce the salary of a supervisor as a result of a decrease in population. The compensation of supervisors, when acting as superintendents, roadmasters or laborers, shall be fixed by the township auditors either per hour, per day, per week, semi-monthly or monthly, which compensation shall not exceed compensation paid in the locality for similar services, and such other reasonable compensation for the use of a passenger car, or a two-axled four-wheeled motor truck having a chassis weight of less than two thousand pounds and a maximum gross weight of five thousand pounds, or a class 2 truck, having a maximum gross weight of seven thousand pounds when required and actually used for the transportation of road and bridge laborers and their hand tools and for the distribution of cinders and patching material from a stock pile, as the auditors shall determine and approve; but no supervisor shall receive compensation as a superintendent or roadmaster for any time he spends attending a meeting of supervisors.

(b) Any benefit provided to or for the benefit of a supervisor employed by the township as a superintendent, roadmaster, laborer, secretary, treasurer or secretary/treasurer in the form of inclusion in a

pension plan paid for in whole or in part by the township shall be deemed to be compensation within the meaning of this act to the extent such benefit is paid for by the township and shall be fixed by the township auditors; however:

(1) Supervisors shall be eligible for inclusion in such township pension plans only if they are employed by the township in the capacity of superintendent, roadmaster, laborer, secretary, treasurer or secretary/treasurer. In order to be eligible for inclusion in such plans, supervisor-employees must meet the same requirements as other employees of the township who are eligible to participate in a pension plan. Such plans shall not improperly discriminate in favor of a supervisor-employee.

(2) Once given, auditor approval for inclusion of supervisor-employees shall not be rescinded in any subsequent years so long as the pension plan remains in effect and said supervisors remain employed by the township and continue to meet the same requirements as other employees of the township who are eligible to participate in a pension plan; nor shall the auditors be empowered to act in any way that would cause the disqualification of all or any portion of the pension plan under the applicable Federal law.

(3) No change in the nature or rate of the contributions in the case of a defined contribution plan and no change in the benefit formula in the case of a defined benefit plan shall be initiated by the board of supervisors with respect to a supervisor-employee without auditor approval.

(4) A pension or annuity contract entered into by a township between January 1, 1959, and March 31, 1985, that includes or provides for benefits for supervisor-employees or retired supervisor-employees at township expense shall not be void or unlawful solely because such inclusion of supervisor-employees or retired supervisor-employees was not previously approved by the township auditors. No penalty, assessment, surcharge, forfeiture or disciplinary action of any kind may occur as a result of such participation by supervisor-employees.

(5) All premium, contribution or similar payments made by a township on pension or annuity contracts on behalf of supervisor-employees between January 1, 1959, and March 31, 1985, which would have been proper but for the absence of auditor approval, are hereby deemed ratified and approved. Any benefits payable to any such supervisor-employee or his beneficiaries on account of such premium, contribution or similar payments made by a township during the aforementioned period shall continue. Any such premium, contribution or similar payments made by a township subsequent to March 31, 1985, shall require auditor approval as provided in this subsection.

(6) If a supervisor-employee personally contributed toward a township-sponsored pension plan or annuity that is not approved by the township auditors or not deemed approved hereunder, he shall receive

a refund of his total contributions thereto, plus any interest accumulated thereon. In lieu of a refund of contributions plus accumulated interest, a supervisor-employee who personally contributed toward a pension or annuity plan in which he participated may elect to purchase that portion of his pension or annuity funded by the township. The appropriate compensation to be paid to the township by the supervisor-employee shall be determined by a qualified actuary who shall report his determination in accordance with the act of December 18, 1984 (P.L.1005, No.205), known as the "Municipal Pension Plan Funding Standard and Recovery Act."

(7) Township supervisors who are not employes of the township shall not be eligible for participation in any pension or annuity contract paid in whole or in part by the township. No township supervisor who was not an employe of the township but was included in a township-paid pension or annuity plan entered into by a township between January 1, 1959, and March 31, 1985, shall be subject to any penalty, assessment, surcharge, forfeiture or disciplinary action of any kind as a result of said participation. Any residual interest, value, refund of premium or benefits payable on or after March 31, 1985, arising out of the township-paid interest of a non-employe supervisor shall become the exclusive property of the township.

(c) In addition to the compensation authorized under this section, supervisors while in office or while in the employ of the township may be eligible for inclusion in township-paid insurance plans, as follows:

(1) Supervisors and their dependents shall be eligible for inclusion in group life, health, hospitalization, medical service and accident insurance plans paid in whole or in part by the township. No policy of group life insurance shall contain any provision for the accrual or deferral of a cash surrender value, loan value or any other nonforfeitable benefit, in addition to or beyond the face amount of insurance, that shall inure to the benefit of the supervisor, any beneficiary or any other individual having an insurable interest in the life of a supervisor. Such insurance, however, may contain a provision that when the insurance, or any portion of it, on a person covered under the policy ceases because of termination of employment or the termination of the insured's term of office, such person shall be entitled to have issued to him by the insurer, without evidence of insurability, an individual policy of insurance on any form customarily issued by the insurer at the age and for the amount applied for if: (i) such amount is not in excess of the amount of life insurance which ceases because of such termination; and (ii) the application for the individual policy is made and first premium is paid to the insurer within thirty-one days after such termination. Participation by supervisors shall not require auditor approval. Such insurance shall be uniformly applicable to those covered and shall not improperly discriminate in favor of supervisors.

(2) Any life, health, hospitalization, medical service or accident insurance coverage contract entered into by a township between January 1, 1959, and March 31, 1985, that includes or provides coverage for non-employe supervisors shall not be void or unlawful solely because such inclusion of non-employe supervisors was subsequently found to be without lawful authority. No penalty, assessment, surcharge, forfeiture or disciplinary action of any kind may occur as a result of participation by non-employe supervisors. Insurance benefits payable to insureds or their beneficiaries arising out of or on account of deaths, injuries, accidents or illnesses occurring prior to the effective date of this amendatory act shall remain the property of the insureds or their beneficiaries.

(3) All payments made by a township on any group life, health, hospitalization, medical service or accident insurance coverage contracts on behalf of non-employe supervisors between January 1, 1959, and March 31, 1985, which would have been proper but for the absence of auditor approval, are hereby deemed ratified and approved. Any benefits payable to any such non-employe supervisor or his beneficiaries on account of such payments made by a township during the aforementioned period shall continue.

(4) Supervisors and their dependents, whether or not they are employed by the township, shall also be eligible for inclusion in township group life, health, hospitalization, medical service and accident insurance plans if they pay their pro rata share of the premium. Their inclusion in such plans shall not require auditor approval, but shall require the submission of a letter requesting such participation at a regularly scheduled meeting of the board of township supervisors prior to commencing such participation. Such insurance shall be uniformly applicable to those covered and shall not give eligibility preference to, or improperly discriminate in favor of, supervisors.]

*Section 606. Compensation of Supervisors.—(a) Supervisors may receive as compensation an amount established by ordinance not in excess of the following:*

<i>Township Population</i>	<i>Annual Maximum Compensation</i>
<i>not more than 4,999</i>	<i>\$1,875</i>
<i>5,000 to 9,999</i>	<i>\$2,500</i>
<i>10,000 to 14,999</i>	<i>\$3,250</i>
<i>15,000 to 24,999</i>	<i>\$4,125</i>
<i>25,000 to 34,999</i>	<i>\$4,375</i>
<i>35,000 or more</i>	<i>\$5,000</i>

*Salaries are payable monthly or quarterly for the duties imposed by this act. The population is determined by the latest official census figures, except that no township shall be required to reduce the salary of a supervisor as a result of a decrease in population. The compensation of supervisors,*

*when employed as roadmasters, laborers, secretary, treasurer, assistant secretary, assistant treasurer or in any employe capacity not otherwise prohibited by this or any other act, shall be determined by the board of auditors, at an hourly, daily, weekly, semi-monthly or monthly basis, which shall be comparable to compensation paid in the locality for similar services. The board of supervisors may establish a mileage allowance, under the act of July 20, 1979 (P.L.156, No.51), referred to as the Uniform Mileage Fee Law, to be paid to officers and employes for the use of a personal vehicle when required and actually used for authorized township business. No supervisor may receive compensation as an employe for attending a meeting of the board of supervisors. Supervisors may continue to be compensated under prior law until such time as an ordinance is enacted under this act. Any change in salary, compensation or emoluments of the elected office becomes effective at the beginning of the next term of the supervisor. A decision by the township to pay, in whole or in part, to include supervisors not employed by the township in insurance plans, as authorized in subsection (c), shall not be implemented with regard to any nonemploye supervisor until the beginning of the next term of that supervisor.*

*(b) Any benefit provided to or for the benefit of a supervisor employed by the township in any employe capacity under this act in the form of inclusion in a pension plan paid for in whole or in part by the township is compensation within the meaning of this act to the extent that benefit is paid for by the township and is determined by the board of auditors; however:*

*(1) Supervisors are eligible for inclusion in township pension plans only if they are employed by the township in any employe capacity under this act. In order to be eligible for inclusion in the plans, supervisor-employes must meet the same requirements as other employes of the township who are eligible to participate in a pension plan. Pension plans shall not improperly discriminate in favor of a supervisor-employe.*

*(2) Once given, auditor approval for inclusion of supervisor-employes shall not be rescinded in any subsequent years as long as the pension plan remains in effect and the supervisors remain employed by the township and continue to meet the same requirements as other employes of the township who are eligible to participate in a pension plan; nor shall the auditors act in any way that disqualifies the pension plan under Federal law.*

*(3) No change in the nature or rate of the contributions of a defined contribution plan and no change in the benefit formula of a defined benefit plan shall be initiated by the board of supervisors with respect to a supervisor-employe without auditor approval.*

*(4) A pension or annuity contract made by a township between January 1, 1959, and March 31, 1985, that includes or provides for benefits for supervisor-employes or retired supervisor-employes at township expense is not void or unlawful solely because the inclusion of supervisor-employes or*

*retired supervisor-employees was not previously approved by the township auditors. No penalty, assessment, surcharge, forfeiture or disciplinary action of any kind may occur as a result of that participation by supervisor-employees.*

*(5) All premium, contribution or similar payments made by a township on pension or annuity contracts on behalf of supervisor-employees between January 1, 1959, and March 31, 1985, which would have been proper but for the absence of auditor approval are hereby approved. Any benefits payable to any supervisor-employee or his beneficiaries on account of any premium, contribution or similar payments made by a township during that period shall continue. Any premium, contribution or similar payments made by a township after March 31, 1985, requires auditor approval under this subsection.*

*(6) If a supervisor-employee personally contributed toward a township-sponsored pension plan or annuity that is not approved by the township auditors or not approved by this act, he shall receive a refund of his total contributions thereto plus any interest accumulated thereon. In lieu of a refund of contributions plus accumulated interest, a supervisor-employee who personally contributed toward a pension or annuity plan in which he participated may elect to purchase that portion of his pension or annuity funded by the township. A qualified actuary, who shall report his determination under the act of December 18, 1984 (P.L.1005, No.205), known as the "Municipal Pension Plan Funding Standard and Recovery Act," shall determine the amount the supervisor-employee shall pay to purchase the township-funded portion of the annuity or pension.*

*(7) Supervisors who are not employees of the township are not eligible for participation in any pension or annuity contract paid in whole or in part by the township. No supervisor who was not an employee of the township but was included in a township-paid pension or annuity plan made by a township between January 1, 1959, and March 31, 1985, is subject to any penalty, assessment, surcharge, forfeiture or disciplinary action. Any residual interest, value, refund of premium or benefits payable on or after March 31, 1985, arising out of the township-paid interest of a supervisor who was not an employee is the exclusive property of the township.*

*(c) In addition to the compensation authorized under this section, supervisors while in office or while in the employ of the township may be eligible for inclusion in township-paid insurance plans, as follows:*

*(1) Supervisors, whether or not they are employed by the township, and their dependents are eligible for inclusion in group life, health, hospitalization, medical service and accident insurance plans paid in whole or in part by the township. Their inclusion in those plans does not require auditor approval, but does require submission of a letter requesting participation at a regularly scheduled meeting of the board of supervisors before commencing participation. The insurance shall be uniformly*

*applicable to those covered and shall not give eligibility preference to or improperly discriminate in favor of supervisors. No policy of group life insurance shall contain any provision for a cash surrender value, loan value or any other benefit beyond the face amount of insurance. The policy may contain a provision that when the insurance ceases because of termination of employment or term of office, the person is entitled to have issued to him by the insurer, without evidence of insurability, an individual policy of insurance on any form customarily issued by the insurer at the age and for the amount applied for if the amount is not in excess of the amount of life insurance which ceases because of the termination and the application for the individual policy is made and first premium is paid to the insurer within thirty-one days after termination.*

*(2) Any life, health, hospitalization, medical service or accident insurance coverage contract made by a township between January 1, 1959, and March 31, 1985, that includes or provides coverage for supervisors not employed by the township is not void or unlawful because inclusion of those supervisors was subsequently found to be without lawful authority. No penalty, assessment, surcharge, forfeiture or disciplinary action may occur as a result of participation by those supervisors. Insurance benefits paid or payable to insureds or their beneficiaries arising out of or on account of deaths, injuries, accidents or illnesses occurring before March 30, 1988, are the property of the insureds or their beneficiaries.*

*(3) All payments made by a township on any group life, health, hospitalization, medical service or accident insurance coverage contracts on behalf of supervisors who were not employees between January 1, 1959, and March 31, 1985, which would have been proper but for the absence of auditor approval are hereby approved. Any benefits payable to any supervisor or his beneficiaries on account of those payments during that time shall continue.*

*(4) The township may deduct from any compensation payable to a supervisor such part of any insurance premium or charge which is payable by the supervisor within the terms of the particular township's insurance plan.*

**[Section 516. Duties of Supervisors, Township Superintendents, and Roadmasters.—The township supervisors, or the supervisors employed as superintendents or roadmasters, shall—**

Any supervisor, elected or appointed officer or township employe shall, if directed by the board of supervisors, attend any conference, institute or school dealing with the duties and functions of such elected or appointed officers or employes. The expenses for attending the conferences, institutes and schools may be paid by the township and shall be limited to the registration fee, mileage for use of a personal vehicle or reimbursement of actual transportation expense going to and returning from such meeting plus all other actual expenses that the township board of supervisors may have agreed to pay. Every delegate attending the meeting shall submit to the township board of supervisors an itemized account of expenses incurred thereat. The township board of supervisors may authorize township employes to be compensated at their regular employe rate during their attendance at the meeting.

(i) Perform such other duties and have such other powers with respect thereto as may be imposed or conferred by law or the rules and regulations of the Department of Highways.

The roadmasters or superintendents or supervisors, acting in either capacity, shall—

*(4) Authorize attendance at conferences, institutes, schools and conventions. Any supervisor, elected or appointed officer or township employe may if directed by the board of supervisors attend any conference, institute, school or convention dealing with the duties and functions of elected or appointed officers or employes. The expenses for attending the meetings may be paid by the township and are limited to the registration fee, mileage for the use of a personal vehicle or reimbursement of actual transportation expense going to and returning from the meeting plus all other actual expenses that the board of supervisors agrees to pay. Every attendee shall submit to the board of supervisors an itemized account of expenses incurred at the meeting. The board of supervisors may authorize employes to be compensated at their regular employe rate during their attendance at the meeting.*

The person making the appraisal shall not be interested directly or indirectly in any aspect of the sale of the real estate. The price paid by the board of supervisors for the purchase of the real estate shall not exceed the price established by the appraisal: Provided, however, That if more than one appraisal is obtained, the price paid by the board of supervisors shall not exceed the average of the appraisals.*

The award of contracts shall be made only by public announcement at a regular or special meeting of the board of supervisors or at the public auction. All bids shall be accepted on the condition that payment of the purchase price in full is made immediately upon acceptance of the successful bid. The board of supervisors may reject any bids received if the bids are believed to be less than the fair market value of the property.*

In addition to the duties imposed upon them by section 516 hereof, they shall have power—

**I. Lighting.—**To light and illuminate the highways, roads, and other public places of the township with electric light, gas, or other illuminating medium, and to provide for defraying the cost, charges and expenses thereof; and, for such purposes, to enter into contracts or agreements with any person, copartnership, association, or corporation, for a period not exceeding ten years, for the purpose of securing and maintaining a supply of light.

**II.1. Contracts and Assessments for Lighting.—**To provide street lights and to make regulations therefor within the township or within any district of the township established by the township supervisors for that purpose:

No such assessment shall be made against any farmland, but vacant lots between built-up sections, whether tilled or untilled, shall not be deemed to be farmlands: Provided, however, That the assessment per front foot against vacant lots shall be only twenty-five per centum of the assessment per foot against property with improvements thereon.**

**G. The moneys necessary for placing, replacing, operating, maintaining and repairing such fire hydrants, or for fulfilling contract obligations to water companies or municipal authorities with respect to such fire hydrants, or for providing for or acquiring any such water system may be obtained by proceeding in accordance with the following:

A. If any such fire protection service is or was instituted by the township supervisors without the petition of the surface property owners of a majority of the lineal feet frontage along any highways, streets, roads and alleys, or portions thereof, within the township, such moneys may be obtained by any one of the means set forth in subparagraphs (a), (b) or (c) of paragraph (B) below.

B. If any such fire protection service is or was instituted upon the petition of the surface property owners of a majority of the lineal feet frontage along any highways, streets, roads and alleys, or portions thereof, within the township, such moneys may be obtained by any one of the means set forth in subparagraphs (a), (b) or (c) below.

(a) The township supervisors shall annually assess, or cause to be assessed, the cost and expense of such fire protection service by an equal assessment upon all property, whether or not exempt from taxation by existing law, abutting upon said highways, streets, roads and alleys, or portions thereof, and upon property within seven hundred and eighty feet of any fire hydrant in the district benefited thereby, based upon the assessment for county purposes. The township supervisors may provide for an equitable reduction from the frontage of lots at intersections, or where from the peculiar or pointed shape of lots an assessment of the full frontage would be inequitable. No such assessment shall be made against any farm land, but vacant lots between built-up sections, either tilled or untilled, shall not be deemed to be farm lands. All such assessments for fire protection shall be filed with the township tax collector who shall give thirty (30) days' written or printed notice that the assessments are due and payable, stating the due date to each party assessed, either by service on the owner of the property or by mailing such notice to the owner at his last known post office address. The procedure set forth in this clause for the consolidation or codification of township ordinances as a single ordinance may also be followed in enacting a complete group or body of ordinances, repealing or amending existing ordinances as may be necessary in the course of preparing a consolidation, codification or revision of the township ordinances, except that in such case the advertisement giving notice of the introduction shall list, in lieu of a table of contents, the titles only of each of the ordinances in such complete group or body of ordinances.

Such code need not be advertised by publication of the full text thereof, and in place of such complete advertisement, an informative notice of intention to consider such proposed code, and a brief summary, setting forth the principal provisions of the code in such reasonable detail as will give adequate notice of its contents and a reference to the place or places within the township where copies of the proposed code

may be examined or obtained shall be published in the manner and within the time limits provided by this act for publication of notice of other proposed ordinances. Not less than three copies of such code, portion, or amendment which is incorporated or adopted by reference, shall be filed with the secretary of the township at least ten days before the board considers the proposed ordinance and upon enactment kept with the ordinance book, and available for public use, inspection and examination.

The township supervisors shall annually assess or cause to be assessed the cost and expense of the maintenance of said police protection by an equal assessment on all property benefited by such protection in proportion to the number of feet the same fronts on the street or highway or portion thereof to be protected. The supervisors may provide for an equitable reduction from the frontage of lots at intersections or where from the peculiar or pointed shape of lots an assessment of the full frontage would be inequitable. No such assessment shall be made against any farm land, but vacant lots between built-up sections, whether tilled or untilled, shall not be deemed to be farm lands: Provided, however, That the assessment per front foot against vacant lots shall be only twenty-five per centum (25%) of the assessment per foot front against property with improvements thereon. All such assessments for police protection shall be filed with the township tax collector, who shall give thirty days' written or printed notice that the assessments are due and payable, stating the due date to each party assessed either by service on the owner of the property or by mailing such notice to the owner at his last known post office address. The tax collector shall be entitled to the same commission for the collection of such assessments as he is entitled to by law for the collection of the township road tax. If the assessments or any of them remain unpaid at the expiration of not exceeding ninety days, the exact time to be fixed by the township supervisors, they shall be placed in the hands of the township solicitor for collection. The solicitor shall collect the same together with five per centum (5%) as attorney's commission, and interest from the date such assessments were due, by a municipal claim filed against the property of the delinquent owner in like manner as municipal claims are by law filed and collected. Where an owner has two or more lots against which there is an assessment for the same year all such lots shall be embraced in one claim. All assessments, when collected, shall be paid over to the township treasurer, who shall receive and shall keep the same in a separate account, and pay out the same only upon orders signed by the chairman of the township supervisors, attested by the secretary. The board of supervisors may annually assess the cost of the maintenance of the police protection by an equal assessment on all property benefited by the protection in proportion to the number of feet the property fronts on the street or highway or portion thereof to be protected. The board of supervisors may provide for an equitable reduction from the frontage of lots at intersections or where, due to the irregular shape of lots, an assessment of the full frontage would be inequitable. No assessment shall be made against any farmland, but vacant lots between built-up sections, whether tilled or not tilled, are not farmland. The assessment for each foot front against vacant lots shall be only twenty-five percent of the assessment for each foot front against property with improvements. Special school police serve at the pleasure of the board of supervisors and are not eligible to join any police pension fund maintained for the township police. The board of supervisors shall determine the compensation of special school police, to be paid by the township or jointly by the township and the school district in a ratio to be determined by the two boards. If the township and school district cannot determine the ratio of compensation to be paid by each board, each board shall pay one-half of the compensation of the police.*

*(b) The board of supervisors may create an educational service agency under section 402.1 of the act of December 5, 1936 (2nd Sp.Sess., 1937 P.L.2897, No.1), known as the "Unemployment Compensation Law," to provide special school police service to one or more educational institutions by the school crossing guards appointed in conjunction with the school district. The board of supervisors may provide for an equitable reduction from the frontage of lots at intersections or where, due to the irregular shape of lots, an assessment of the full frontage would be inequitable. No assessment shall be made against any farmland, but vacant lots between built-up sections, whether tilled or not tilled, are not farmland. The assessment for each foot front against vacant lots shall be only twenty-five percent of the assessment for each foot front against property with improvements.*

This provision is intended to make unlawful the evading of advertising requirements by making a series of purchases or contracts each for less than the advertising requirement price, or by making several simultaneous purchases or contracts, each below said price, when, in either case, the transactions involved should have been made as one transaction for one price. Any supervisors who so vote in violation of this provision, and who know that the transaction upon which they so vote is or ought to be part of a larger transaction and that it is being divided in order to evade the requirements as to advertising for bids, shall be jointly and severally subject to surcharge for ten per centum of the full amount of the contract or purchase. Whenever it shall appear that a supervisor may have voted in violation of this section, but the purchase or contract on which he so voted was not approved by the board of supervisors, this section shall be inapplicable.

(b) Any supervisor who votes to unlawfully evade the provisions of section eight hundred two and who knows that the transaction upon which he so votes is or ought to be a part of a larger transaction and that it is being divided in order to evade the requirements as to advertising for bids commits a misdemeanor of the third degree for each contract entered into as a direct result of that vote. This penalty shall be

in addition to any surcharge which may be assessed pursuant to subsection (a).

**Section 803. Bonds for Protection of Labor and Materialmen.—**It shall be the duty of every township to require any person, copartnership, association, or corporation, entering into a contract with such township for the construction, erection, installation, completion, alteration, repair of, or addition to, any public work or improvement of any kind whatsoever, where the amount of such contract is in excess of one thousand five hundred dollars, before commencing work under such contract, to execute and deliver to such township, in addition to any other bond which may now or hereafter be required by law to be given in connection with such contract, an additional bond, for the use of any and every person, copartnership, association, or corporation interested, in a sum not less than fifty per centum and not more than one hundred per centum of the liability under the contract, as such township may prescribe, having as surety thereon one or more surety companies legally authorized to do business in this Commonwealth, conditioned for the prompt payment of all material furnished and labor supplied or performed in the prosecution of the work, whether or not the said material or labor enter in and become component parts of the work or improvement contemplated. Such additional bond shall be deposited with and held by the township for the use of any party interested therein. Every such additional bond shall provide that every person, copartnership, association, or corporation who, whether as subcontractor or otherwise, has furnished material or supplied or performed labor in the prosecution of the work as above provided, and who has not been paid therefor, may sue in assumpsit on said additional bond in the name of the township for his, their, or its use and prosecute the same to final judgment for such sum or sums as may be justly due him, them, or it, and have execution thereon: Provided, That the township shall not be liable for the payment of any costs or expense of any suit.

Among such terms

and conditions, the township shall prescribe that all prices shall be F.O.B. destination.

**Section 804. Separate Specifications for Branches of Work.**—In the preparation of specifications for the erection or alteration of any public building, when the entire cost of such work exceeds ten thousand dollars, the architect, engineer, or person preparing such specifications shall prepare separate specifications for the plumbing, heating, ventilating, and electrical work, and the township shall receive separate bids upon each of such branches of work and award the contract for the same to the lowest responsible bidder.

**Section 805. Workmen's Compensation Insurance.**—All contracts executed by any township, which shall involve the construction or doing of any work involving the employment of labor, shall contain a provision that the contractor shall accept, in so far as the work covered by any such contract is concerned, the provisions of the Workmen's Compensation Act of one thousand nine hundred and fifteen, and any supplements or amendments thereto, and that the said contractor will insure his liability thereunder, or file with the township with which the contract is made a certificate of exemption from insurance from the Bureau of Workmen's Compensation of the Department of Labor and Industry.

Every officer of a township who shall sign, on behalf of the said township, any contract, requiring in its performance the employment of labor, shall require, before the said contract shall be signed, proof that the said contractor with whom the contract is made shall have accepted the Workmen's Compensation Act of one thousand nine hundred and fifteen, and any supplements or amendments thereto, and proof that the said contractor has insured his liability thereunder in accordance with the terms of the said act, or that the said contractor has had issued to him a certificate of exemption from insurance from the Bureau of Workmen's Compensation of the Department of Labor and Industry.

It shall also be unlawful for the officers of a township, charged with the duty of letting any public work, to award a contract to any such architect or engineer in the employ of the township.

It shall also be unlawful for any architect or engineer in the employ of a township to be in any wise interested in any contract for public work in such township, or receive any remuneration or gratuity from

any person interested in such contract except under the terms and conditions as provided in section 802(h).

Any person who violates any of the provisions of this section, shall be guilty of a misdemeanor, and, on conviction thereof, shall be sentenced to pay a fine not exceeding five hundred dollars, or undergo imprisonment of not more than six months, or both, in the discretion of the court, and shall forfeit his office.

**Section 807. Minimum Wages under Contracts.**—(a) The specifications upon which contracts are entered into by any township for the construction, alteration, or repair of any public work or improvement may, at the option of any such township, contain the minimum wage or wages, which may be paid by the contractor or his subcontractors for the work performed by laborers and mechanics employed on such public work or improvement, and such laborers and mechanics shall, in such cases, be paid not less than such minimum wage or wages.

(b) Every contract for the construction, alteration, or repair of any public work or improvement founded on specifications, containing any such stipulation for minimum wage or wages, shall stipulate a penalty of an amount equal to twice the difference between the minimum wage contained in said specifications and the wage actually paid to each laborer or mechanic for each day, during which he has been employed at a wage less than that prescribed in said specifications.

(c) Every officer, or person designated as an inspector of, or having supervision over, the work to be performed under any such contract, in order to aid in enforcing the fulfillment thereof, shall, upon observation or investigation, report to the supervisors of the township all violations of minimum wage stipulations, together with the name of each laborer or mechanic who has been paid a wage less than that prescribed by the specifications, and the day or days of such violation.

(d) All such penalties shall be withheld and deducted for the use of the township from any moneys due the contractor by the officer or person, whose duty it shall be to authorize the payment of moneys due such contractor, whether the violation of the minimum wage stipulation of the specifications was by the contractor or by any of his subcontractors: Provided, That if any such contractor or subcontractor subsequently pays to all laborers and mechanics the balance of the amounts stipulated in such contract, the township shall pay to the contractor the amounts so withheld as penalties.

**Section 808. Discrimination between Employees.**—Every contract for or on behalf of any township for the construction, alteration or repair of any public building or public work shall contain provisions by which the contractor agrees.

(a) That in the hiring of employes for the performance of work under this contract, or any subcontract hereunder, no contractor,

subcontractor, nor any person acting on behalf of such contractor or subcontractor, shall by reason of race, creed or color, discriminate against any citizen of the Commonwealth of Pennsylvania, who is qualified and available to perform the work to which the employment relates.

(b) That no contractor, subcontractor, nor any person on his behalf shall in any manner discriminate against or intimidate any employe hired for the performance of work under his contract on account of race, creed or color.

(c) That there may be deducted from the amount payable to the contractor, under this contract, a penalty of five dollars for each person, for each calendar day, during which such person was discriminated against, or intimidated in violation of the provisions of the contract, and

(d) That the contract may be cancelled or terminated by the township, and all money due, or to become due hereunder, may be forfeited for a second or any subsequent violation of the terms or conditions of this portion of the contract.

In all townships, the budget shall be prepared on a uniform form, prepared and furnished as hereafter provided. The estimates in the budget, shall specify:

(a) The amount of money necessary for the construction, maintenance, repair, and improvement of roads;

The property shall then be added to the duplicate and shall be taxable for township

Any improvement made during the month shall be computed as having been made on the first of the month. A certified copy of the additions or revisions to the duplicate shall be furnished by the township supervisors to the township tax collector, together with their warrant for collection of the same, and within ten days thereafter, the township tax collector shall notify the owner of the property of the taxes due the township.

If the amount of such indebtedness is so large as to render it inadvisable to collect the same in any one year taking into consideration other necessary taxation, the court may direct the same to be levied and collected by annual installments, and may order such special taxes to be levied and collected during such successive years as may be required for payment of the same.

**Section 908. Appeals to Court to Reduce Budget and Tax Rate.**—(a) Taxpayers whose property valuation as assessed for taxable purposes within the township shall amount to twenty-five per centum or over of the total valuation as assessed for taxable purposes within the township, may, within fifteen days after the board of township supervisors have adopted the budget and determined the amount of the tax levy for the township, petition the court of common pleas of the county in which such township is located to examine into the necessity therefor and the reasonableness of the various items in the budget of the township and to reduce the proposed tax levy. Each such petition shall contain a specification of objections and shall be accompanied by the affidavit of one of the petitioners that the proceedings have not been instituted for the purpose of delay, and that the facts set forth in the petition are true and correct to the best of his knowledge and belief. The petitioners shall

also file bond in the total amount of five hundred dollars with good and sufficient surety to be approved by the court, conditioned upon the payment of the costs if the court shall assess the costs upon the petitioners.

Immediately upon the filing of such petition, the petitioners shall serve a copy of the petition upon the president or secretary of the board of township supervisors.

(b) Upon the filing of such petition, the court shall fix a day for a hearing not less than fifteen nor more than thirty days after such petition has been filed. Notice of such hearing shall be given to all interested parties in such manner as the court shall direct. On such hearing, it shall be the duty of the court to examine into the necessity for and the reasonableness of the various items of the budget and the amount of the proposed levy. The court shall thereupon make an order approving the budget and levy or reducing or eliminating any one or more of the items of the budget and reducing the levy.

If no appeal shall be taken from such order as herein provided, the budget and levy shall remain as constituted by the court.

(d) Neither the filing of any such petition, shall act as a supersedeas.

(e) The budget and tax levy as approved or revised by the final order of the court shall be the budget and tax levy for such township. Any contract, agreement, or undertaking which relates to an item of the budget which has been attacked in the petition, and which shall be entered into during the pendency of such proceedings, shall be cancelled or made to conform to such budget.

If such final order reduces the proposed levy, the supervisors shall revise the tax duplicates in conformity with such order and any levy, made during the pendency of the proceedings, shall be subject to revision in accordance with such order.

**Section 909. Duplicates; Abatements and Penalties.**—The township supervisors shall make or cause a duplicate to be made designating the amount of township tax levied against each taxpayer of the township, and also duplicates for all other taxes levied and assessed under the provisions of this act, and shall deliver the same, within thirty days after the adoption of the budget or within thirty days after receipt of the assessment roll from the county, whichever is later, to the township collector.

Any

such revolving fund may also be begun by funds raised through the issuance of general obligation bonds of the township, in the manner provided by law, for the making of permanent street, sidewalk, water supply or sewer improvements.

**Section 911. Repayments Into Revolving Fund.**—When the cost and expense, or any part thereof, of the construction of any permanent street, sidewalk, water supply or sewer improvement, which has been made under existing laws, and which has been aided in its construction from the said revolving fund, hereby provided for, shall have been assessed and collected from the owners of the property adjoining or abutting upon such improvement, it shall be applied to the credit of said revolving fund to the extent of the withdrawal therefrom for such purpose.

**Section 912. Road Machinery Fund; Special Tax.**—Townships are hereby empowered to create a special fund to be known as the road machinery fund and to accumulate therein moneys to be used exclusively for purchasing road machinery. Such special fund may consist of, (1) moneys transferred during any fiscal year from appropriations made from the general township fund; (2) moneys transferred from surplus moneys in the general township fund at the end of any fiscal year; and (3) moneys appropriated to the fund in the annual budget from the receipts of a special tax, not exceeding two mills, which the supervisors may levy and collect for that purpose, annually, upon all property taxable for township purposes.

*Section 2307. Certain Roads Declared Public Roads.—Every road which has been used for public travel and maintained and kept in repair by the township for a period of at least twenty-one years is a public road having a right-of-way of thirty-three feet even though there is no public record of the laying out or dedication for public use of the road.*

The road or portion of road so closed shall be properly marked at its extremities and a means of passage for the customary users of such road shall, whenever possible, be provided.

Anyone using such road or portion thereof after the same has been properly closed and marked, without a permit from the supervisors, shall upon conviction thereof in a summary proceeding, pay a fine of not more than one hundred dollars, and in default of the payment of such fine and costs, shall be sentenced to imprisonment of not more than ten days. *(b) The board of supervisors may temporarily close any township road when it determines that conditions have rendered that road unfit or unsafe for travel and immediate repair or maintenance, because of the time of year or other conditions, is impracticable. The road or portion of road closed shall be properly marked at its extremities, and a means of passage for the customary users of the road shall, when possible, be provided.*

*(c) Anyone using the road or portion thereof after the road has been properly closed and marked, without a permit from the board of supervisors, commits a summary offense. All fines recovered are payable*

[Section 1111. Time Within Which Roads to Be Opened.—Whenever proceedings have been heretofore or may hereafter be begun for the opening and laying out of any public road in any township, such public road shall be physically opened upon the ground for use by the public within a period of five years next after the completion of such proceeding, and if not so opened, or if no proceedings have been commenced to compel such opening in five years, then such proceedings shall be deemed to be void and of no effect, and the land proposed to be taken shall revert to the owners of the land, as in the case of the vacation of a public road free of any easement or right of the public to use the same.]

*Section 2309. Time Within Which Roads to be Opened.—When proceedings have been initiated under this act for the opening and laying out of any public road in the township, the road shall be physically opened for use by the public within a period of five years after completion of the proceeding. If the road is not opened or if no proceedings have been commenced to compel the opening in five years, then the proceedings are void and the land proposed to be taken shall revert to the owners of the land free of any easement or right of the public to use the land.*

[Section 1112. It shall also be the duty of the supervisors closing the road and maintaining the detour

immediately to remove all detour signs when the road originally closed is open for traffic. Except in the case of State and county highways, said supervisors shall, as soon as possible, repair the road designated as a detour, and place same in a condition at least equal to its condition when designated as a detour. Whenever necessary in the creation of a detour, as aforesaid, the supervisors responsible for laying out the detour may acquire by agreement, or right of eminent domain, right-of-way privileges over private property for the period when the road shall be closed to traffic. In the exercise of the rights conferred by this section, the supervisors are hereby empowered to pay for the necessary maintenance, subsequent repair, and land rental out of such funds as are available for the construction and maintenance of the roads in their charge.

In addition to the penalties imposed by this section, the supervisors responsible for the maintenance of a road which has been closed to vehicular traffic, or their agents or contractors, may in an action at law, recover damages from any person or persons who have damaged a road by driving on, over or across same when it is closed to vehicular traffic in accordance with the provisions of this act.

*(b) When any public road is closed, the board of supervisors shall designate a detour on which shall be erected and maintained while the*

*detour is in use legible direction signs at each public road intersection through the length of the detour. When the detour is in use, the board of supervisors shall maintain the detour in safe and passable condition, except for State and county highways. Relocating or Vacating Roads by Agreement.**—Whenever the supervisors of any township deem it advisable to relocate any part of any public road under their supervision, or to vacate any abandoned portion of a State highway not vacated by the Department of Highways, and can agree with the property owners affected by such relocation or vacation, they may relocate or vacate such part of such public road, as contemplated in such agreement, without the formality of a view.

A petition setting forth the facts regarding such relocation or vacation accompanied by a map or draft of the same, shall be presented to the court of quarter sessions for approval before such actual relocation or vacation is made; whereupon the new location, approved by the court, shall be taken to be the public road and the old location shall be vacated, or the abandoned State highway shall be vacated, as the case may be.]

**Section 2311. Relocating or Vacating Roads by Agreement.**—*(a) When the board of supervisors relocates or vacates any part of any public road under its supervision and can agree with the property owners affected by the relocation or vacation, it may relocate or vacate the public road without the formality of a view.*

*(b) A copy of the agreement setting forth the facts regarding the relocation or vacation, accompanied by a map or draft of the road agreed to be relocated or vacated, shall be presented and recorded in the office of*

*the recorder of deeds or similar office in home rule counties after which the new location is the public road or the old location is vacated.*

**[(e) Elimination of Curves**

**Section 1120. Upon any such purchase or condemnation the supervisors may, from time to time, abate or remove, or cause to be abated or removed, any such dangerous curve or curves, or widen such narrow road to the extent of the property and land so acquired.

Upon any such condemnation, the township, having had such view condemned may, from time to time, abate or remove, or cause to be abated or removed, any obstruction to such view over and across such lands.

The proceedings for the condemnation of such view over and across such lands and for the assessment of damages for property taken, injured or destroyed shall be taken in the manner provided in this act.

Upon the condemnation of such a view, the owner of such lands may make every such use thereof as will not interfere with a free and unobstructed view at such dangerous crossing or curve, and, unless specially provided for in such condemnation proceedings, such condemnation shall not be construed to prevent the owner thereof from using such land for pasture or the growing of grass, oats, wheat, or other crops which will not obstruct the vision more than wheat.

Section 1131. The filing of said agreement in the court of quarter sessions shall be conclusive as to the question of the necessity for the laying out, location, relocation, alteration or vacation of said road as contained in the said

agreement, and that the portion or portions of said road abandoned or vacated were useless, inconvenient and burdensome.

Any such crossing of a railroad by a road, or any vacation of any road crossing a railroad, shall be constructed only in the manner prescribed by and under the jurisdiction of the Public Utility Commission. In such cases compensation for damages to the owners of adjacent property taken, injured or destroyed, shall be ascertained, fixed and paid in the manner prescribed in the Public Utility Law.]

*Section 2321. Railroad Crossings.—(a) Every township constructing a road across a railroad shall construct the road above or below the grade thereof unless permitted by the Pennsylvania Public Utility Commission to construct the road at grade.*

*(b) Any crossing of a railroad by a road or any vacation of any road crossing a railroad shall be made only under the jurisdiction of the Pennsylvania Public Utility Commission. Compensation for damages to the owners of adjacent property taken, injured or destroyed shall be determined under 66 Pa.C.S. (relating to public utilities).*

**[Section 1156. Permits.—**No railroad or street railway shall hereafter be constructed upon any township road, nor shall any railroad or street railway crossings, nor any gas pipe, water pipe, electric conduits, or other piping, be laid upon or in, nor shall any telephone, telegraph, or electric light or power poles, or any coal tipples or any other obstructions be erected upon or in, any portion of a township road except under such conditions, restrictions and regulations relating to the installation and maintenance thereof, as may be prescribed in permits granted by the township for such purpose. Each application shall be submitted to the township, in duplicate, or such larger number as the township may require. The township shall prescribe a fee as determined

by the Department of Transportation payable to the township not exceeding the approximate reasonable cost of processing the application, and another fee payable to the township not exceeding the approximate reasonable cost of making the first inspection hereafter described. Each application shall be accompanied by both fees. When the township shall grant the permit applied for, the township supervisors shall inspect the work authorized by the permit upon the completion thereof, and when necessary, enforce compliance with the conditions, restrictions and regulations prescribed by the township. In addition to such inspection, the township supervisors may reinspect the work not more than two years after its completion, and if any settlement of the road surface or other defect shall appear in the work contrary to the conditions, restrictions and regulations of the township, it may enforce compliance therewith. If the applicant shall fail to rectify any such settlement or other defect, within sixty days after written notice from the township supervisors to do so, the township supervisors may do the work and impose upon the applicant the cost thereof, together with an additional twenty per centum (20%) of such cost, which may be recovered by an action in assumpsit in the court of common pleas of the county. All fees received by the township shall be paid into the township treasury. Nothing in this section shall be construed to require a permit in advance for emergency repairs necessary for the safety of the public or the restoration or continuance of public utility or other public service, but application for such permit and the fees shall be submitted as herein prescribed within five days after completion of the work, and thereafter the remaining provisions of this section shall apply. Further, nothing in this section shall be construed to authorize or empower a township to regulate or control the operations of any permittee, except as provided for in this section.]

Each application shall be submitted to the township in duplicate. The township shall collect a fee as determined by the Department of Transportation for processing the application and another fee for making the inspection. Each application shall be accompanied by both fees. When the township grants the permit, the board of supervisors or its agents shall inspect the work authorized by the permit upon the completion thereof and, when necessary, enforce compliance with the conditions, restrictions and regulations specified by the township. In addition to that inspection, the board of supervisors or its agents may*

*reinspect the work not more than two years after its completion, and, if any settlement of the road surface or other defect appears in the work contrary to the conditions, restrictions and regulations of the township, it may enforce compliance therewith. If the applicant fails to rectify a defect which presents an immediate or imminent safety or health problem within forty-eight hours or any other defect within sixty days after written notice from the board of supervisors to do so, the board of supervisors or its agents may do the work and impose upon the applicant the cost thereof, together with an additional twenty percent of the cost, which may be recovered by an action in assumpsit in the court of common pleas of the county. All fees received by the township shall be paid into the township treasury. Nothing in this section shall be construed to require a permit in advance for emergency repairs necessary for the safety of the public or the restoration or continuance of public utility service or other public service, but application for the permit and the fees shall be submitted within five days after completion of the work, after which time the remaining provisions of this section apply. Nothing in this section authorizes a township to regulate or control the operations of any permittee except under this section.*

Duty of Supervisors to Erect.**—The supervisors of the township shall erect posts at the intersection of all public roads and at one of the angles where any public road crosses another public road, and shall firmly fix thereon boards or metal signs, with index hands pointing to the direction of such roads, but if a building, tree, trolley pole, telephone pole, or telegraph pole is so erected that it can be used in place of a post, and permission has been secured from the owner thereof, such building, tree or pole may be used in place of a post. On such boards and signs shall be inscribed, in large and legible characters, the name of the town, village, or place to which such roads lead, and the distance thereto computed in miles. Where any such public road intersects or crosses a State highway, application for a permit shall be made by the supervisors to the Department of Highways for the erecting of such signs.

**Section 1161. Penalty for Destroying, Et Cetera.**—It shall be unlawful for any person to wilfully destroy, remove, injure, or deface any guidepost or sign or index board legally erected upon or near any public street, road, or bridge by the supervisors, or by any club, association, or other organized body for the direction, guidance, or safety of travelers. It shall also be unlawful for any person to wilfully destroy, remove, injure or deface any temporary traffic-control device legally erected for the purpose of enhancing traffic or worker safety in a construction or maintenance work zone, including, but not limited to, cones, batons, barrels, barricades, signs, sign trucks, arrow boards or other devices specified in a traffic safety plan approved by the township or the Department of Transportation. Any person violating this section shall, upon conviction in a summary proceeding, be sentenced to pay a fine of

not less than two hundred dollars nor more than five hundred dollars for the first offense, and a mandatory fine of five hundred dollars for the second or any subsequent offense, with costs of prosecution, together with the value of such sign so destroyed, removed or defaced, and in default of such payment, shall be sentenced to imprisonment of not more than ten days. All fines and moneys so imposed and collected shall be paid to the township treasurer.]

*Section 2323. Penalty for Destroying Signs.—A person shall not destroy, remove, injure or deface any sign legally erected upon or near any public street, road or bridge by the board of supervisors, or by any club, association or other organized body, for the direction, guidance or safety of travelers. A person shall not destroy, remove, injure or deface any temporary traffic-control device legally erected to enhance traffic or worker safety in a construction or maintenance work zone, including, but not limited to, cones, batons, barrels, barricades, signs, sign trucks, arrow boards or other devices specified in a traffic safety plan approved by the township or the Department of Transportation. Any person who violates this section commits a summary offense and shall, upon conviction, be sentenced to pay a fine of not less than two hundred dollars (\$200) nor more than five hundred dollars (\$500) for the first offense and a mandatory fine of five hundred dollars (\$500) for the second or any subsequent offense, with costs of prosecution, together with the value of the destroyed, removed or defaced sign. All fines and moneys imposed and collected shall be paid to the township treasurer.*

**[(m) Protection of Roads from Snowdrifts**

**Section 1165. Protection of Highways from Snowdrifts.—**Any township which is responsible for the maintenance of any public road shall have authority to enter upon private property adjacent to such public road or highway and place thereon a snow fence, at any point which may be deemed necessary, to within a limit of one hundred feet from the right-of-way line of such public road, in order to eliminate snow drifting on the traveled portion of the public road.

No such snow fence shall be placed prior to November first, nor shall the same remain in place after April first of the succeeding year, unless the written consent of the owner is obtained, agreeing to an extension of time for the removal of said snow fence.

If the supervisors shall not be able to enter into an agreement with the owner of adjacent property occupied by such snow fence as to the amount of damages sustained as a result of said fence being placed and removed, the owner may petition the court of common pleas of the county for the appointment of viewers to ascertain the amount of damage incurred in such case in the manner provided in this act for eminent domain proceedings. Such damages, if any, when ascertained, shall be paid by the township from the general township fund.

Whenever any roads in townships are so located as to render them liable, on account of high wind during the winter season, to be so filled with snow as to make them impassable, and, in the judgment of the supervisors, such drifts of snow can be avoided by the removal of any fence erected along either side of such road and replacing the same by a fence constructed of posts, wire, and boards or rail combined, the supervisors may agree with the owners of such fences upon a plan for the erection of such a fence. The township may pay the owners of such fences a sum not to exceed the first cost of the wire used in the construction of such fences. The wire used in the construction of such fences shall be without barbs. This section shall not apply to any stone wall, hedge, or ornamental fence.]

*Section 2324. Protection of Highways from Snowdrifts.—(a) The board of supervisors may enter private property adjacent to any public road or highway and place thereon a snow fence to within a limit of one hundred feet from the right-of-way line of the public road in order to eliminate snow drifting on the traveled portion of the public road.*

*(b) A snow fence may not be placed before the first day of November or remain in place after the first day of April of the succeeding year unless the written consent of the owner is obtained, agreeing to an extension of time for the removal of the snow fence.*

*(c) If the board of supervisors and the owner of the property upon which a snow fence is placed and removed under this section cannot agree to the amount of compensation, if any, to be paid to the owner for placing the fence, including the amount of damages, if any, to be paid for injury to the property resulting from placing and removing the fence, the owner may petition the court of common pleas of the county for the appointment of viewers to ascertain the amount of damage incurred in the manner provided in this act for eminent domain proceedings. Damages, if any, when ascertained shall be paid by the township from the general township fund.*

#### [(n) Grades of Highways

**Section 1170. Grades of Highways.—**In the construction or repair of any highway in any township, it shall be unlawful to raise such highway above the ordinary grade thereof when a drain or culvert shall be constructed under such highway, or when such highway shall be constructed or repaired over such drain or culvert. This section shall not be construed in any manner to interfere with the work of the State Department of Highways, in the reconstruction or improvement of any State highway or State-aid highway, or when a township improves a township road, under the direction, plans, and specifications of the State Department of Highways.

#### (o) Trees and Shrubbery within Limits of Road

uncultivated lands, no trees growing within the limits of such road at a distance beyond fifteen feet on either side of the center line thereof, and which measure four inches or over in diameter at a point two feet from the surface of the ground, shall be cut down or destroyed by the supervisors or roadmasters employed by them, or any other person, without first obtaining the consent of the abutting owners.

Whenever any road running through improved or cultivated lands has been opened, and there are growing, along the roadsides and within the road limits, shrubs or trees not in the opinion of the supervisors interfering with public travel, no supervisors or roadmasters, or other persons in their employ, shall remove, cut, injure, or destroy, or in any other manner interfere with such shrubs or trees. If such removal or cutting is deemed necessary for the purpose of maintaining the road, the supervisors or roadmasters, or other persons in their employ, may cut or remove such shrubs or trees, after notifying the abutting property owners of the contemplated removal, cutting of said shrubs or trees.

**Section 1177. Logs and Cordwood Property of Owner.**—All logs, cordwood, branch wood, or other forms of wood, which shall be derived from the destruction or removal of any trees growing along the highways, shall be surrendered to and remain the property of the abutting owners.

**Section 1178. Brush and Refuse.**—The supervisors may clear out brush and other refuse from along the sides of the road to the legal width thereof. No other injury, by fire, cutting, abrasion, or otherwise, shall be done to the standing timber.

**Section 1179. Penalty.**—Any supervisors, roadmaster, or person in their employ, or any other person, who shall cut down, kill, or injure any living tree, growing at a distance beyond fifteen feet on either side of the center line thereof, and of a size four inches in diameter or greater at a point two feet from the surface of the ground, except as provided in this subdivision, or who shall violate any other provision of this subdivision, shall, upon conviction thereof in a summary proceeding, be sentenced to pay a fine, of not more than five dollars for every tree so cut, injured or destroyed, with costs of suit, and in default of the payment of such fine and costs shall be sentenced to imprisonment of not more than ten days. Such fines shall be paid into the General Township Fund.

**Section 1180. Removal of Obstruction.**—Nothing in this subdivision shall be so construed as to prevent the supervisors or roadmasters, or other persons in their employ, from removing such roadside trees which may be thrown down by wind or lodged in such position as to be a menace to public travel, or which, by reason of any other cause, may become a source of danger to the public. Every such act of removal shall

be made with due regard to the circumstances of the case, so as to preserve the true intent and purpose of this subdivision.]

*Section 2325. Saving Trees and Shrubberty.—(a) The board of supervisors or its agents shall not remove any shrub or tree growing within the right-of-way of any township road or street except those shrubs and trees the board of supervisors finds to constitute a hazardous or dangerous condition to the use of the highway or those which impair the use or maintenance of the public road or street. No tree having a trunk diameter in excess of six inches shall be removed without notice of the proposed removal having first been given to the abutting property owner. The township supervisors shall determine by resolution the form of notice to property owners.*

*(b) All logs, cordwood, branch wood or other forms of wood derived from the destruction or removal of any trees growing along the highways shall be surrendered to and remain the property of the abutting owners.*

*(c) The board of supervisors may clear out brush and other refuse along the sides of the road to the legal width thereof. **[(p) Obstructions and Nuisances**

**Section 1185. Obstructions and Nuisances.—**Any person who shall stop or obstruct any public road in any township, or commit any nuisance thereon by felling trees, making fences, turning the road, or in any other way, and who shall not, on notice given by the township supervisors, forthwith remove the obstruction or nuisance and repair the damages done to such road, upon conviction in a summary proceeding, shall, for every such offense, pay a penalty of not more than twenty-five dollars, and in default of the payment of such fine and costs, shall be sentenced to imprisonment of not more than ten days. Nothing in this section shall debar an indictment for any such nuisance as in case of misdemeanor at common law.]

*Section 2326. Obstructions and Nuisances.—*Any person who obstructs any public road or commits any nuisance thereon by felling trees, making fences, turning the road, diverting water onto or in any other way and who does not, on notice given by the board of supervisors, immediately remove the obstruction or nuisance and repair the damages done to the road

## [ARTICLE XII BOUNDARY ROADS

### (a) Opening, Repairing, and Improving Roads on Division Line of Townships

*Section 1201. Roads Between Townships of the First Class and Townships of the Second Class.—Roads laid out on a line which divides a township of the first class from a township of the second class shall be opened, made, kept clear and in repair, at the joint and equal charge of such townships. Any township necessarily incurring more than its due proportion of such charge may recover the excess so incurred from the other township.*

*Whenever any public road is laid out on the line of two townships, if the commissioners or supervisors of an adjoining township neglect or refuse to join with the supervisors of the township in opening or repairing such road, the supervisors of the township shall open, and repair the road, and are authorized to collect a just proportion of the cost of the opening and repairing of such road from the township so*

neglecting or refusing to join in such opening, or repairing. The commissioners or supervisors so neglecting or refusing shall be liable to a penalty of not exceeding fifty dollars, to be recovered in a summary proceeding. All such penalties when recovered shall be paid into the township road fund.

**Section 1202. Roads Between Two Townships of the Second Class.**—Whenever any road is on the boundary line between two townships of the second class, such road shall be constructed, improved, repaired and maintained jointly by said townships. For the purpose of constructing, improving, repairing or maintaining any such road, the supervisors of such townships are hereby directed to enter into an agreement providing the manner in which the same shall be constructed, improved, repaired or maintained, and providing for the division of the cost of maintenance between said townships. Such agreement shall be filed with the clerk or clerks of the court or courts of quarter sessions of the county or counties in which such townships are located. If any such township shall fail or refuse to enter into any such agreement, or if the townships cannot agree, any taxpayer or the supervisors of either township may present a petition to the court of quarter sessions of the county, or if said townships are in different counties to the court of quarter sessions of either county, setting forth the facts, and the court, after hearing of which such notice shall be given to all parties interested as the court may direct, shall make an order directing the manner of such construction, improvement, repair or maintenance and the division of the cost thereof between such townships. The action of the court shall be final.

**(b) Maintenance of Roads Between Townships and  
Cities or Boroughs**

**Section 1205. Roads Between Townships and Cities and Boroughs.**—Whenever any road or street is on the boundary line between any township and a city or borough, such road or street shall be maintained jointly by the township and the city or borough. For the purpose of maintaining any such road or street, the authorities of any such township are hereby directed to enter into agreements with such city or borough providing the manner in which the same shall be maintained, and providing for the division of the cost of maintenance between the city or borough and township. If any such city or borough and township shall fail or refuse to enter into any such contract, or if the city or borough and township cannot agree, any taxpayer or the corporate authorities of the township may present a petition to the court of quarter sessions of the county, setting forth the facts, and the court, after hearing, of which such notice shall be given to all parties interested as the court may direct, shall make an order directing the manner of such maintenance and the division of the cost of maintenance between

the city or borough and the township. The action of the court shall be final.

(c) **Road, the Centre Line of Which is the Dividing Line Between Townships and Boroughs or Cities in the Same County**

**Section 1210. Roads Between Townships and Municipalities in the Same County.**—Whenever the centre line of any road or street constitutes the dividing line between a township and any city or borough located in the same county, the supervisors of the township may, jointly with the county, enter into a contract with the city or borough providing for the grading, curbing, and macadamizing or paving of such road.

Such alteration or improvement shall be constructed, and subsequent repairs shall be made, under the supervision of the proper authorities of the city or borough, in compliance with the laws governing the construction of such alterations or improvements in such city or borough and with plans and specifications to be agreed upon in writing between the supervisors of the township and the city or borough and the commissioners of the county.

The cost of any alteration or improvement shall be borne one-half by the city or borough and one-half by the county and township in equal portions.

The cost of repairs shall be borne one-half by the city or borough and one-half by the township, or by the county and township in equal portions, or such other portions as are agreed upon in the joint contract of the township with the county.

(d) **Road, the Centre Line of Which Is the Dividing Line Between Townships and Cities in Adjacent Counties**

**Section 1215. Roads Between Townships and Cities in Adjacent Counties.**—Whenever the centre line of any road constitutes a dividing line between a township and a city located in an adjacent county, it shall be lawful for the township supervisors to enter into a contract with the county in which it is located and the city providing for the grading, curbing, macadamizing or paving of the roadway of said road, the cost thereof to be borne one-half by the city and one-half by the township and the county in which such township shall be situated in equal portions.

The said alteration or improvement shall be constructed, and subsequent repair shall be made, under the supervision of the proper authorities of the said city, in compliance with existing laws governing such construction or improvement in such city, and in further compliance with plans and specifications to be agreed upon in writing between such city and the commissioners of the county and the township supervisors of the said township. The cost of repairs shall be borne one-half by the city and one-half by the township or by the county and township in equal portions, or such other proportions as may be agreed upon by the county and township.

In all cases in which it shall be found impossible to enter into such contract or agreement as is provided for in this section, or where either the city or the township or the county in which such township is situated shall refuse to enter into such contract or agreement, it shall be lawful for the township to present its petition to the court of common pleas of either county, setting forth the facts and circumstances, including the condition of the road from which the necessity or desirability for the grading, curbing, macadamizing or paving of the roadway appears, and the estimated cost thereof, and that the terms of the said contract as provided for in this section cannot be agreed upon by the said city and the county or township, or either or any of them, or that either such city or the county or township, or any or either of them, refuses to enter into such contract. Such petition may pray that such court may, after hearing all the parties concerned, make its order or decree, defining the nature and character of the improvement reasonably necessary or desirable to be made to the roadway, and requiring the parties hereinabove specified to enter into a contract or contracts for the making and constructing of the same as herein provided for. A copy of the said petition, duly certified, shall be served upon the city or the county and township concerned, other than the petitioner, with notice of such day as may be fixed by the court for a hearing. Thereupon either or both of the parties served with such notice shall be entitled, on or before such date, to file in the said court its answer to the said petition, setting forth its version of the facts or such other matters in relation thereto as may be deemed necessary or proper by it. The said court upon the date so fixed, or at such other times as it may appoint, shall hear the evidence of the parties, or it may refer the matter to a master, who shall hear the testimony of the parties and report his findings, in the same manner and under the same procedure as provided by the rules in equity in similar cases, to the said court, which may reject, confirm, or modify the same, and may make its decree or order directing the making of such alterations or improvements to the roadway as may be deemed reasonably necessary or desirable and providing for the sharing of the cost of such improvements, one-half by the city and one-half by the county and township in equal portions. The said order or decree may further provide that the repairs to such alterations and improvements subsequently required shall be borne one-half by the city and one-half by the county or township in equal portions, or such other proportions as between the county and the township as such court may find to be legal and proper; and thereupon the said grading, curbing, macadamizing or paving of the roadway of such road shall proceed in accordance with the decree or order of the said court in the same manner as if the contract or agreement in this section had been entered into and duly executed.

(e) Improvement of Roads or Streets Where More Than One-half of

**Width Is in Township; Assessment of Property Outside Limits**

**Section 1220. Roads More Than One-half in Townships.**—Whenever any road or street, more than one-half of the width of which is within the limits of any township shall divide the said township from any other municipality or township located within the same county, such road or street, may be improved by the township within which the greater width is located in the same manner as if the said road or street were entirely located within the limits of said township.

The property abutting on the side of said road or street, which is located outside the limits of the township making such improvements shall, for a depth of one hundred and fifty feet plus one-half the width of said road or street, from its center line, be assessed for any and all municipal improvements to or on the said road or street, in the same manner as such property would be assessed under the laws of the Commonwealth if it were entirely located within the limits of such city, borough, or township.

(f) **Assessment of Property Outside Limits for Street Improvement Where Street Entirely Within Township**

**Section 1225. Roads Within Township along Division Line.**—Whenever any road or street entirely within the limits of any township, shall divide such township from any other municipality or township located in the same county, the property on the side of the road or street, opposite the line of such township, shall, for a depth of one hundred and fifty feet, be assessed for municipal improvements on such road or street on which property shall abut. Such assessment shall be made in the same manner and in the same proceeding as is used for the assessment of property within such township for such improvement.

(g) **Agreements for Improving Roads or Streets Forming Boundaries Between Townships and Boroughs**

**Section 1230. Agreement for Improving Roads or Streets Forming Boundaries Between Townships and Boroughs.**—Townships may enter into agreements with adjoining boroughs for the grading, paving and curbing or macadamizing of roads or streets which may be boundaries between such townships and boroughs, and may provide in such contract that the damages, costs and expenses of such improvement shall be divided between such townships and boroughs in proportions agreed upon. Such agreements shall be filed with the clerk or clerks of the court or courts of quarter sessions in the county or counties in which such townships and boroughs are located.

In grading, paving and curbing or macadamizing any such roads or streets, townships shall exercise such power, only upon petition of a majority of the property owners in interest and number, abutting the line of the proposed improvement within the township limits, to be verified by the affidavit of one of the petitions, a majority in interest of

owners of undivided interest in any piece of property to be treated as one person, asking that such improvement be made.

The portion of the damages, costs and expenses agreed to be paid by any township shall be ascertained, and the benefits incident thereto, shall be assessed and collected in the manner provided in this act for the assessment of damages and benefits by viewers.]

*Section 2332. Boundary Roads and Bridges.—(a) When any road or bridge, other than a State or county road or bridge, is created or located along, on or over boundaries between townships and any other municipal corporation, the creation, location, construction, maintenance and repair of the road or bridge shall be the joint responsibility of the township and the municipal corporation with which the common boundary is shared.*

*(b) The board of supervisors may make agreements with any adjacent municipal corporation to provide for the apportionment of the cost of construction, repair and maintenance of boundary roads or bridges.*

*(c) If an amicable agreement on the proportionate share of costs of construction, repair and maintenance of boundary roads or bridges cannot be executed, the board of supervisors or the governing body of the other municipal corporation involved may petition the court of common pleas of the county or counties for a determination of the rights and responsibilities of the respective municipal corporations involved.*

When said sidewalks are so established, such landowner shall pay for and keep the same in repair.

In case the highway is a State or county highway, the written consent of the Department of Highways or the county commissioners, as the case may be, shall first be obtained.

**Section 1402. Construction of Sidewalks or Sidewalks and Curbs Upon Petition of Property Owners or Pursuant to Ordinance.**—(a) The township supervisors may construct sidewalks or curbs, or sidewalks and curbs, of suitable material, along the roads or highways, in such townships, upon the petition of owners of property representing a majority in number of feet front of the properties abutting on the roads or highways where such sidewalks or sidewalks and curbs are to be constructed. Whenever any such petition is filed with the supervisors, the owner of the property shall be given notice by the supervisors to construct such sidewalk or sidewalk and curb; and in case of the failure of the owner to complete such sidewalk or sidewalk and curb within a period of sixty days after the receipt of such notice, the supervisors may construct such sidewalk or sidewalk and curb as herein provided. Whenever any sidewalks or sidewalks and curbs are constructed by the supervisors, the expense of the construction of such sidewalk or sidewalk and curb shall be paid by the abutting property owners in proportion to their frontage. If such owners fail to so pay the expenses of the construction of such sidewalk or sidewalk and curb, the township supervisors may recover the amount by action of assumpsit, or may file municipal liens therefor against the abutting properties, in the manner provided by law for the filing and collection of municipal liens.

(b) The township supervisors may also construct sidewalks and curbs of suitable material along the roads or highways in such townships pursuant to an ordinance authorizing such construction. All reconstruction, repaving and recurbing may be provided for in the ordinance providing for the original construction, paving and curbing, without the necessity for adopting a new ordinance for such reconstruction, repaving and recurbing. Whenever any sidewalks or curbs are constructed by the supervisors pursuant to such ordinance, the expense of the construction of such sidewalks or curbs shall be paid by the abutting property owners in proportion to their frontage, but in no such instance shall any abutting property owner be liable for the construction of such sidewalk in an amount greater than ten percent, nor for the construction of such curb in an amount greater than ten percent, of the assessed valuation of the abutting property owned by him. Any expense above such maximum liability of abutting property owners shall be paid by the townships. If abutting property owners fail to so pay the expenses of the construction of such sidewalks or curbs for which they are liable, the township supervisors may recover the amount by action of assumpsit or may file municipal liens therefor against the abutting properties in the manner provided by law for the filing and collection of municipal liens.

**Section 1403. Power to Establish Lines, Grades and Width of Curbs, Sidewalks or Footpaths.**—Supervisors of townships may regulate by ordinance, the line, grade and width of curbs, sidewalks or footpaths constructed along the roads or highways in such townships, and shall have general supervision over the same and may establish a grade or grades for curbs, sidewalks or footpaths, which grade or grades may be separate and apart from the grade or grades established for the cartway or roadway. In case the highway is a State or county highway, the written consent of the Department of Highways or the county commissioners, as the case may be, shall first be obtained.

**Section 1404. Sidewalks or Footpaths by Township.**—Whenever it shall appear to the supervisors that any part or portion of any road or highway is dangerous to the traveling public and such danger could be materially reduced or lessened by the construction of a sidewalk or footpath, the supervisors shall have the right to lay out and construct a sidewalk or footpath along such dangerous portion of said road or highway of such materials as they shall deem advisable, and to expend moneys from the general fund of the township therefor. In case the highway is a State or county highway, the written consent of the Department of Highways or the county commissioners, as the case may be, shall first be obtained.]

**Section 2401. Location, Lines, Grades and Width of Curbs, Sidewalks or Footpaths; Costs.**—(a) *The board of supervisors may by ordinance regulate the line, grade and width of curbs, sidewalks or footpaths*

*constructed along the roads or highways in the township, shall have general supervision over them and may establish a grade or grades for curbs, sidewalks or footpaths, which grade or grades may be separate and apart from the grade or grades established for the cartway or roadway.*

*(b) If the highway is a State or county highway, the written consent of the Department of Transportation or the county commissioners shall first be obtained.*

*(c) The costs of construction of sidewalks, footpaths or curbs may be paid by one of the following methods:*

*(1) The board of supervisors, upon the request of any landowner whose land fronts upon a public road or highway within the township, may establish a sidewalk or curbs along one or both sides of the road or highway along the lands of the owner. When the sidewalks or curbs are established, the landowner shall pay for the construction of the sidewalks or curbs and keep them in repair.*

*(2) The board of supervisors may construct sidewalks or curbs along the roads or highways, upon the petition of property owners representing a majority in number of feet front of the properties abutting on the roads or highways where the sidewalks or curbs are to be constructed. When a petition is filed with the board of supervisors, the property owner shall be given notice by the board of supervisors to construct the sidewalk or curb. If the owner fails to complete the sidewalk or curb within a period of sixty days after the receipt of the notice, the board of supervisors may construct the sidewalk or curb. When any sidewalk or curb is constructed by the board of supervisors, the expense of the construction of the sidewalk or curb shall be paid by the abutting property owners in proportion to their frontage. If the owners fail to pay the expenses of the construction of the sidewalk or curb, the board of supervisors may recover the amount by action of assumpsit or may file municipal liens therefor against the abutting properties under law for the filing and collection of municipal liens.*

*(3) The board of supervisors may by ordinance in absence of a petition, provide for the construction, reconstruction and repair of sidewalks and curbs within the township. When any sidewalks or curbs are constructed, reconstructed or repaired by the board of supervisors under the ordinance, the expense of the construction of the sidewalks or curbs shall be paid by the abutting property owners in proportion to their frontage, but no owner shall be liable for the cost of construction of the sidewalk or curb in an amount greater than fifteen percent of the assessed valuation of the abutting property. Any expense above the maximum liability of abutting property owners shall be paid by the township. If abutting property owners fail to pay the expenses of the construction of the sidewalks or curbs for which they are liable, the board of supervisors may recover the amount by action of assumpsit or may file municipal liens therefor against the*

*abutting properties under law for the filing and collection of municipal liens.*

*(4) When the board of supervisors establishes that any part of any road or highway is dangerous to the traveling public and the danger could be materially reduced or lessened by the construction of a sidewalk, curb or footpath, the board of supervisors may lay out and construct a sidewalk, curb or footpath along the dangerous portion of the road or highway at township expense.*

*(d) All assessments for costs levied under this article shall be filed with the township treasurer and collected under section 3302(a).*

#### ARTICLE [XV] XXV

##### SANITARY SEWERS [AND DRAINS]

- (a) Establishing and Constructing Sewer and Drainage Systems;  
Sewer Connections and Charges; Disposal of Sewage;  
Assessment of Cost of Construction**

**Section 1501. Power to Establish and Construct Sewers and Drains.—(a)** Townships may establish and construct a system of sewers and drainage, locating the same as far as practicable along and within the lines of the public roads of the townships as seems advisable to the board of supervisors. The supervisors may permit and, where necessary for the public health, require adjoining and adjacent property owners to connect with and use the same. In case any owner of property adjoining or adjacent to such sewer shall neglect or refuse to connect with and use said sewer for a period of sixty days after notice to do so has been served upon him by the supervisors, either by personal service or by registered mail, said supervisors or their agents, may enter upon such property and construct such connection. In such case the supervisors shall forthwith, upon completion of the work, send an itemized bill of the cost of construction of such connection to the owner of the property to which connection has been so made, which bill shall be payable forthwith. In case of neglect or refusal by the owner of such property to pay said bill, it shall be the duty of the township supervisors to file municipal liens for said construction within six months of the date of completion of the construction of said connection, the same to be subject in all respects to the general law providing for the filing and recovery of municipal liens.

**(b)** Whenever an existing sewer system owned by or leased to a township of the second class is extended or altered at the expense of a developer or other private person or corporation under the supervision of such township or a municipal authority of such township, the township supervisors may, by ordinance or resolution, take over said extension or alteration and compel all owners of property which is not already connected to an existing public sewer system and which is accessible to and whose principal building is within one hundred fifty

feet from such sewer extension to pay a tapping fee and make connection therewith and use such sewer system in such manner as they may order.

(c) The supervisors may refund all or part of said tapping fee or fees to the developer or other private person or corporation who or which paid for said construction. Said tapping fees may be based upon front foot construction costs, however, the total of said refunds shall never exceed the cost of said extension or alterations. Once said extension or alteration is taken over it shall become part of the existing sewer system.

(d) Notwithstanding the powers granted pursuant to subsection (a), (b) or (c), no township shall have the power to require any commercial or industrial business to connect to the township sewer system when such commercial or industrial business is operating a sewer treatment plant under mandate of any agency of the Federal or State Government. This exemption shall last as long as such sewer treatment plant continues to meet the specifications and standards mandated by such Federal or State agency and for forty-five days thereafter. If, during the days immediately subsequent to the day a business' sewer treatment plant is determined to be below Federal or State mandates, repairs cannot be made to bring the system back up to satisfactory condition, the township may require such business to connect to its sewage treatment system. In such case, the full costs of connection to, and any necessary refurbishing of, the township sewer system shall be borne by such business.

(e) The exemption provided for in subsection (d) shall not be available in any situation where the business seeking to use it had notice, either actual or constructive, prior to construction of its sewer treatment plant, of the township's intention to construct a sewage treatment plant and to require that business to connect with its system.

(f) The Department of Environmental Resources shall not, subsequent to the effective date of this amendatory act, issue any permit to allow a commercial or industrial business to construct its own permanent sewer treatment plant without the written consent of the township supervisors of the township wherein such treatment plant is proposed to be located.]

*Section 2501. Sanitary Sewers.—The board of supervisors may establish and construct sanitary sewer systems which shall if possible be constructed along and within the lines of the rights-of-way of public roads. If the board of supervisors determines that the systems shall be located on or through private property, the board of supervisors may acquire the land by gift, purchase or eminent domain.*

*Section 2502. Sanitary Sewer Connections.—(a) The board of supervisors may by ordinance require adjoining and adjacent property owners to connect with and use the sanitary sewer system, whether constructed by the township or a municipality authority or a joint sanitary sewer board. In the case of a sanitary sewer system constructed by the township pursuant to either section 2501 or 2516, the board of supervisors may impose and charge to property owners who desire to or are required*

*to connect to the township's sewer system a connection fee, a customer facilities fee, a tapping fee and other similar fees, as enumerated and defined by clause (t) of subsection B of section 4 of the act of May 2, 1945 (P.L.382, No.164), known as the "Municipality Authorities Act of 1945," as a condition of connection to a township-owned sewer collection, treatment or disposal facility. If any owner of property adjoining or adjacent to or whose principal building is within one hundred and fifty feet from the sanitary sewer fails to connect with and use the sanitary sewer for a period of sixty days after notice to do so has been served by the board of supervisors, either by personal service or by registered mail, the board of supervisors or their agents may enter the property and construct the connection. The board of supervisors shall send an itemized bill of the cost of construction to the owner of the property to which connection has been made, which bill is payable immediately. If the owner fails to pay the bill, the board of supervisors shall file a municipal lien for the cost of the construction within six months of the date of completion of the connection.*

*(b) When an existing sanitary sewer system owned by or leased to a township is extended or altered at the expense of a developer or other private person or corporation under the supervision of the township or a municipality authority of the township, the board of supervisors may by ordinance or resolution take over the extension or alteration and compel all owners of property which is not already connected to an existing public sanitary sewer system and which is accessible to and whose principal building is within one hundred and fifty feet from the sanitary sewer extension to make connection therewith and use the sanitary sewer system as the board of supervisors may order.*

*(c) Whenever a sewer system or any part or extension thereof owned by a township has been constructed by the township at the expense of a private person or corporation or has been constructed by a private person or corporation under the supervision of the township at the expense of the private person or corporation, the board of supervisors shall have the right to charge a tapping fee, including a reimbursement component, and refund said reimbursement component to the person or corporation who has paid for the construction of said sewer system or any part or extension thereof.*

*(d) The board of supervisors shall not require any commercial or industrial business to connect to the township sanitary sewer system when the commercial or industrial business is operating a private sanitary sewage treatment plant under mandate of any agency of the Federal or State Government. This exemption shall last as long as the private sanitary sewage treatment plant continues to meet the specifications and standards mandated by the Federal or State agency and for forty-five days after that. If, during the days immediately after the day a business' private sanitary sewage treatment plant is determined to be below Federal or State mandates, repairs cannot be made to bring the private sewage treatment system back up to satisfactory condition, the board of supervisors may*

*require the business to connect to the township sanitary sewer system. The full costs of connection to and any necessary refurbishing of the township sanitary sewer system shall be paid by the business.*

*(e) The exemption in subsection (d) is not available in any situation where the business seeking to use it had notice, either actual or constructive, before construction of its sewage treatment plant, of the township's intention to construct a sanitary sewer system and to require that business to connect with its system.*

*(f) The Department of Environmental Protection shall not issue any permit to allow a commercial or industrial business to construct its own private sewage treatment plant without the written consent of the board of supervisors of the township in which the private sewage treatment plant is proposed to be located.*

[Section 1501.1. Sewer System Established or Constructed by Municipality Authorities; Connection and Use by Owners; Enforcement.—Whenever a sewer system is or shall have been established or constructed by a municipality authority within a township of the second class, the township supervisors shall be empowered, by ordinance, to compel all owners of property accessible to and whose principal building is within one hundred fifty feet from such sewer system to make connection therewith and use such sewer system in such manner as they may order. The township supervisors may, by ordinance, impose penalties to enforce any regulation or order they may ordain with reference to any sewer connections. In case any owner of property accessible to and whose principal building is within one hundred fifty feet from a sewer system established or constructed by a municipality authority shall neglect or refuse to connect with said sewer system for a period of sixty days after notice to do so has been served upon him by the township supervisors, either by personal service or by registered mail, the township supervisors or their agents may enter upon such property and construct such connection. In such case, the township supervisors shall forthwith, upon completion of the work, send an itemized bill of the cost of the construction of such connection to the owner of the property to which connection has been so made, which bill shall be payable forthwith. In case of neglect or refusal by the owner of such property to pay said bill, it shall be the duty of the township supervisors to file municipal liens for said construction within six months of the date of the completion of the construction of said connection, the same to be subject in all respects to the general law provided for the filing and recovery of municipal liens.

Section 1502. Notice of Contemplated Construction; Protests by Property Owners.—No sewer, drain or system thereof shall be constructed under the provisions of this article unless a resolution or ordinance of the board of supervisors authorizing the same shall be published in a newspaper of general circulation published in the county

in which the township is situated, once a week for three successive weeks. If, before the expiration of twenty days after the last publication, sixty per centum of the total property owners of the township or the affected sewer district, if such district has been constituted, as the case may be, shall sign and file, in the office of the prothonotary of the court of common pleas of the county in which the township is located, a written protest against the construction of such sewer, drain or system thereof, then the construction authorized by such resolution or ordinance shall not be undertaken or proceeded with.]

*Section 2503. Notice of Contemplated Construction.—No sanitary sewer system shall be constructed under this article unless a resolution of the board of supervisors authorizing the construction is published in a newspaper of general circulation in the township once a week for three successive weeks.*

[Section 1503. Location of Sewers on Private Property.—Where it is reasonably impracticable in the judgment of the supervisors in any part of such system to carry such sewers or drains along the lines of public roads, they may locate and construct so much of the same as is necessary through private lands and acquire the necessary land or right of way for such purpose, by gift or by the exercise of the right of eminent domain.]

**Section 1504. Treatment Works and Facilities Therefor; Eminent Domain.—**The supervisors shall make the necessary provision for the disposition of the sewage and drainage within, or for carrying the same beyond, the limits of the township, and, to this end, they are hereby authorized to enter into contracts with other municipalities and other corporations or persons to purchase, acquire, enter upon, take, appropriate, occupy and use such lands, rights, and interests therein within the corporate limits of other townships or boroughs as shall be necessary for the proper location, construction, maintenance, use, and operation of sewer mains, drains, or treatment works, including such lands, rights, and interests therein as shall be necessary for future additions to and enlargements of such sewerage or drainage facilities, and as may be necessary to carry out the plans and specifications upon which a permit has been issued by the Secretary of Health in accordance with law.

**Section 1505. Entry on Lands to Mark Sewer Routes; Damages.—**In the event of inability to agree with the owners, either for the land necessary for so much of the line of sewers and drains as are not located upon public roads, or for so much land as is required for the disposition of the sewage, the supervisors may enter upon said land and mark thereon the route and width necessary for the construction of the line of sewers or drains or the boundaries of so much land as is necessary for disposition of such sewage, and occupy the said land for such purposes. For all damage done or suffered or which accrues to the owner or owners of such land by reason of the taking of the same, the general

fund of the township shall be pledged and deemed as security. Such damages shall be determined by viewers in the manner provided in this act for eminent domain proceedings.]

*Section 2504. Entering Lands to Mark Sanitary Sewer Routes; Damages.—In the absence of an agreement with the owners of land required for sanitary sewer systems or for the marking of the route of the systems, the board of supervisors or its agents have the right to enter the lands for that purpose. For all damage done by entering the land under this section, the general fund of the township shall be pledged as security. Damages shall be determined by viewers under this act for eminent domain proceedings.*

*Section 2505. Sanitary Sewer Systems; Acquisition of Land and Facilities; Damages.—The board of supervisors may acquire by eminent domain or make contracts with other municipal corporations, corporations or persons for the acquisition of lands or facilities for the location, construction, maintenance, reconstruction and enlargement of sanitary sewer systems and treatment facilities. Acquisitions may be made for the purpose of future construction or additions to existing systems. The acquired land may be located either inside or outside the boundaries of the township. For all damage done to owners of land by reason of the taking of the land, the general fund of the township shall be pledged as security. Damages shall be determined by viewers under this act for eminent domain proceedings.*

[Section 1507. Cost of Construction; How Paid.—All or any portion of the cost of construction of any such system of sewers or drains, constructed by the authority of this subdivision, may be charged upon the properties accommodated or benefited thereby in the manner hereinafter provided.

The township supervisors may finance the cost of construction of any such system of sewers or drains, by the incurring of debt by the township, within the limitations and pursuant to the provisions of the act of July 12, 1972 (P.L.781, No.185), known as the "Local Government Unit Debt Act." Where debt is so incurred, the supervisors at their sole discretion may assess all or any portion of the cost of the construction of such sewers or drains, as permitted by law, against the properties accommodated or benefited by such improvements as hereinafter provided, and to deposit the net proceeds of such assessments in a sinking or analogous fund established in connection with the incurring of such debt.

Nothing in this section shall be construed to prevent the financing of the cost of such construction under the provisions of the "Municipality Authorities Act of 1945," and any amendments thereto.]

*Section 2506. Cost of Construction; How Paid.—All or part of the cost of construction of a sanitary sewer system constructed under this article*

*may be charged upon the properties accommodated or benefited by the construction.*

**[Section 1508. Sewer Districts; Township to Pay Non-Assessable Portion of Cost.—Whenever a sewer or drainage system is constructed by a township for the accommodation of a certain portion of the township, the supervisors of such township may, at any time before or after said construction, constitute the territory accommodated into a sewer district or divide it into several sewer districts. In every such case of division into several districts, the supervisors shall make an estimate of the proportion of the cost of the sewer system which should equitably be charged on each of said districts, and declare and establish such apportionment by resolution.**

In all cases where a sewer or drainage system is constructed by a township for the benefit of a certain portion only of the township, and the cost of main sewers, pumping stations, pressure lines, et cetera, is charged against the sewer district or sewer districts, as herein provided, the total amount charged to each district may be assessed to the district by an assessment upon each lot or piece of land in said district, in proportion to its frontage abutting on the sewer, or by an assessment upon the several properties abutting on the sewer, in proportion to benefits, or upon the properties connected with and using said sewers, as sewer rentals, in the manner provided by law for the assessment of sewer rentals, or each lot or piece of ground abutting upon said sewer may be assessed, in proportion to its frontage or according to benefits, the cost of a local sewer, and the balance of the amount charged against the district may be assessed upon the properties connected with and using said sewer, as sewer rentals in the manner provided by law for assessment of sewer rentals. No district shall be charged with more than its due proportion of the cost of the main sewers, pumping stations, et cetera, used jointly by more than one district. Where the whole of the township is accommodated by the system it may also be treated as a single district, or divided into districts and be subject to the foregoing provisions.]

*Section 2507. Sanitary Sewer Districts.—(a) When a sanitary sewer system is constructed by a township for the accommodation of a certain portion of the township, the board of supervisors may before or after the construction designate the territory accommodated as one sanitary sewer district or divide it into several sanitary sewer districts. The board of supervisors shall estimate the proportion of the cost of the sanitary sewer system to be charged on each of the districts and declare and establish the apportionment by resolution.*

*(b) When a sanitary sewer system is constructed by a township for the benefit only of a certain portion of the township and the cost of main sanitary sewers, pumping stations, pressure lines, et cetera, is charged against the sanitary sewer district or sanitary sewer districts, all or part of*

*the amount charged to each district may be assessed to the district by an assessment upon each lot or piece of land in the district, in proportion to its frontage abutting on the sanitary sewer, or by an assessment upon the several properties abutting on the sanitary sewer, in proportion to benefits, or upon the properties connected with and using the sanitary sewers as rental fees, or each lot or piece of ground abutting upon the sanitary sewer may be assessed, in proportion to its frontage or according to benefits, the cost of a local sanitary sewer, and the balance of the amount charged against the district may be assessed upon the properties connected with and using the sanitary sewer, as rental fees. No district shall be charged with more than its due proportion of the cost of the main sanitary sewers, pumping stations, et cetera, used jointly by more than one district. If the whole of the township is accommodated by the sanitary sewer system, it may be treated as a single district.*

[Section 1509. Manner of Assessment.—The charge for any such sewer or drain construction in any township shall be assessed upon the properties accommodated or benefited, in either of the following methods:

(a) By an assessment, pursuant to a resolution or ordinance of the board of supervisors, of each lot or piece of land in proportion to its frontage abutting on the sewer or drain, allowing such equitable reduction in the case of corner properties and unusually shaped properties or those properties abutting on more than one sewer or drain as the resolution or ordinance may specify, however, when the lot or piece of land is on a corner it shall be assessed for its entire frontage abutting on any sewer or drain except when such property is a vacant lot or contains only a single family dwelling in which case it shall be assessed along the shorter frontage and assessed along the longer frontage abutting on a sewer or drain, commencing at a point no closer to the corner than one hundred twenty-five feet. No assessment by frontage shall be made on properties of such a character as not to be lawfully subject to such manner of assessment, and each abutting property shall be assessed with not less than the whole amount of the benefit accruing to it and legally assessable; or

(b) By an assessment upon the several properties abutting on the sewer or drain in proportion to benefits. The amount of the charge on each property shall be ascertained as hereinafter provided.

When a township is divided into sewer districts, the assessment in each district may be by different methods.]

*Section 2508. Manner of Assessment.—When a township is divided into sanitary sewer districts, the assessment in each district may be by different methods. The assessment, if any, for sanitary sewer system construction shall be charged upon the properties accommodated or benefited by one of the following methods:*

*(1) By an assessment, under a resolution or ordinance of the board of supervisors, of each lot or piece of land in proportion to its frontage abutting on the sanitary sewer system, allowing an equitable reduction in the case of corner properties and unusually shaped properties or those properties abutting on more than one collector line of the sanitary sewer as the resolution or ordinance may specify. When the lot or piece of land is on a corner, it shall be assessed for its entire frontage abutting on any sanitary sewer system.*

*(2) By an equal assessment on all properties abutting on the sanitary sewer system in proportion to the total cost of construction of the sanitary sewer system. The amount of the charge on each property shall be determined by the board of supervisors.*

**[Section 1510. Procedure for Assessment of Benefits.—**In all cases where the board of supervisors shall select the method provided by subdivision (b) of the foregoing section, they shall petition the court of common pleas for appointment of viewers to assess benefits. In all cases where they shall neglect, for a period of three months after the completion of the sewer or drainage system, to either make assessments by frontage or present petition for appointment of viewers, taxpayers of the township whose property valuation as assessed for taxable purposes within the township shall amount to fifty per centum of the total property valuation so assessed may present a petition to the court of common pleas of the county for the appointment of viewers to assess benefits; and in all cases where such taxpayer shall, within three months of the adoption of a resolution or ordinance levying an assessment under the method provided by subsection (a) of said foregoing section, by petition, state to said court that such assessment insufficiently represents the benefits accruing to abutting properties, they may include in such petition a prayer for the appointment of viewers to assess benefits. In either case the court shall thereupon appoint three disinterested persons from the board of county viewers, none of whom shall be a resident of that portion of the township which is accommodated by the sewer or drainage system in question, and the viewers so appointed shall proceed as provided in this act for proceedings for the assessment of damages and benefits by viewers. The aggregate of the assessments in any sewer district shall not exceed the amount charged to such district for its share of the cost of the sewer or drain construction unless the same shall, by petition of taxpayers, whose property valuation as aforesaid shall amount to fifty per centum of the total property valuation as assessed for taxable purposes within the township, presented within three months after the adoption of a resolution or ordinance providing for an assessment by frontage, be stated to insufficiently represent the amount of benefits to such properties, in which case the proceedings by taxpayers authorized above shall be applicable. Upon the filing of such a petition by taxpayers as aforesaid for appointment of viewers, any assessment made by the

supervisors and any proceedings thereunder shall be stayed pending the disposition of the petition by the court.]

*Section 2509. Procedure for Assessments.—If any taxpayer states, by petition, within three months of the adoption of a resolution or ordinance levying an assessment under section 2508 to the court of common pleas that the assessment insufficiently represents the benefits accruing to abutting properties, they may include in the petition a request for the appointment of viewers to assess benefits. The court shall appoint three viewers, none of whom shall be a resident of that portion of the township which is accommodated by the sanitary sewer system in question, and the viewers shall proceed under this act for the assessment of damages and benefits. Upon the filing of a petition by taxpayers for appointment of viewers, any assessment made by the board of supervisors and any proceedings shall be stayed pending the disposition of the petition by the court.*

[Section 1511. Liens for Assessments; Costs of Proceedings.—After the amount of the assessment charged upon the several properties has been established, either by resolution or ordinance making assessments according to frontage, or by confirmation of any report of viewers, in whole or in part, the amounts of all assessments shall be payable to the township treasurer for the use of the sewer district or districts or the township, as the case may be, in which they are assessed. The supervisors shall make out bills for the amounts charged against each property, which shall be forthwith sent to all property owners residing in the township, and mailed to all such owners residing elsewhere whose address is known. If any such assessment is not paid within sixty days after the mailing of a bill therefor, the supervisors shall cause it to be collected by action of assumpsit, or such assessment shall be collected in the manner provided for the filing and recovery of municipal claims.

The costs of publication of notices in proceedings before viewers shall be paid by the township upon presentation of bills approved by the court.]

*Section 2510. Liens for Assessments; Costs of Proceedings.—After the amount of the assessment charged upon the several properties has been established by resolution making assessments according to frontage or by confirmation of any report of viewers, in whole or in part, the amounts of all assessments are payable to the township treasurer for the use of the sanitary sewer district or districts or the township in which they are assessed. The board of supervisors shall make out bills for the amounts charged against each property, which shall be sent to all property owners whose property will be served by the sanitary sewer system. If the assessment is not paid within sixty days after the mailing of a bill therefor, the board of supervisors shall collect it by action of assumpsit or under law for the filing and recovery of municipal claims.*

[Section 1512. Sewer Rentals.—All persons whose property connects with a system of sewers or drains shall pay to the township treasurer, in addition to the cost of making such connection, a monthly, quarterly, semi-annual or annual charge prescribed by a resolution of the board of supervisors. Such monthly, quarterly, semi-annual or annual charge or charges shall constitute a lien until paid against the property so connecting with such system, and the amount thereof may be recovered by due process of law. All water utilities supplying water to users within the boundaries of any township shall, at the request of the board of supervisors, furnish to the township, on or before the fifteenth day of the month following the month during which bills are issued, a list of all water meter readings and flat-rate water bills and the basis for each flat-rate water charge, so that the data may be used in calculating such charges. The township is authorized and empowered to pay to such utilities reasonable amounts for necessary clerical and other expenses incurred in the preparation of such lists.

Nothing in this section shall be construed to repeal or modify any of the provisions of the Public Utility Law.]

*Section 2511. Rental Fees.—(a) All persons whose property is connected to a sanitary sewer system shall pay to the township treasurer, in addition to the cost of making the connection, a monthly, quarterly, semi-annual or annual charge adopted by a resolution of the board of supervisors. The charges constitute a lien until paid against the property connected to the sanitary sewer system, and the amount thereof may be recovered by due process of law. All water utilities supplying water to users within the boundaries of any township shall at the request of the board of supervisors furnish to the township, on or before the fifteenth day of the month following the month during which bills are issued, a list of all water meter readings and flat-rate water bills and the basis for each flat-rate water charge so that the data may be used in calculating rental fees. The township may pay to the utilities clerical and other expenses incurred in the preparation of the lists.*

*(b) Nothing in this section shall be construed to repeal or modify any of the provisions of 66 Pa.C.S. (relating to public utilities).*

*(c) All sewer rentals received shall be deposited in a special fund to be used only for the payment of the cost of construction, reconstruction, repair, operation and maintenance of the sanitary sewer system.*

**[(b) Sewers Under State and County Highways**

**Section 1525. Consents Necessary.—Townships may construct sewers and drains in or under any county or State highway within the township boundaries. In case of the construction of sewers or drains in or under county highways, the consent of the county commissioners of the county shall first be obtained, and in case of the construction of sewers or drains in or under any State highway, the consent of the Secretary of Highways shall first be obtained.]**

*Section 2512. State and County Highways; Consents Necessary.*—Sanitary sewers may be constructed in or under any State or county highway. districts thereof by an assessment upon the properties accommodated or benefited in either of the following methods:

(a) By an assessment, pursuant to a resolution or ordinance of the board of supervisors, of each lot or piece of land in proportion to its frontage abutting on the mains, allowing such reduction in the case of properties abutting on more than one main as the resolution or ordinance may specify. No assessment by frontage shall be made on properties of such a character as not to be lawfully subject to such manner of assessment, and each abutting property shall be assessed with not less than the whole amount of the benefit accruing to it and legally assessable; or

(b) By an assessment upon the several properties abutting on the mains in proportion to benefits. The amount of the charge on each property shall be ascertained as hereinafter provided.

When there is more than one district, the assessment in each district may be by different methods.]

*Section 2612. Assessment.—The board of supervisors may provide for the payment of the cost of water lines or water systems in the township or in districts thereof by an assessment upon the properties accommodated or benefited by one of the following methods:*

[Section 1611. Procedure for Assessment of Benefits.—In all cases where the board of supervisors shall select the method provided in subsection (b) of the foregoing section, they shall petition the court of common pleas for appointment of viewers to assess benefits. In all cases where they shall neglect for a period of three months after the completion of the water system to either ordain assessments by frontage or present petition for appointment of viewers, taxpayers of the district or districts affected whose property valuation, as assessed for taxable purposes within the district, shall amount to fifty per centum of the total property valuation, so assessed may present a petition to the court of common pleas of the proper county for the appointment of viewers to assess benefits; and, in all cases, where such taxpayers shall, within three months of the adoption of a resolution levying an assessment under the method provided by subsection (a) of said foregoing section, by petition, state to said court that such assessment insufficiently represents the benefits accruing to abutting properties, they may include in such

petition a prayer for the appointment of viewers to assess benefits. In either case, the court shall thereupon appoint three disinterested persons from the board of county viewers, none of whom shall be a resident of that portion of the township which is accommodated by the water system in question, and the viewers so appointed shall proceed as provided in this act for proceedings for the assessment of damages and benefits by viewers. The aggregate of the assessments in any water district shall not exceed the amount charged to such district for its share of the cost of the water system construction unless the same shall, by petition of taxpayers whose property valuation as aforesaid shall amount to fifty per centum of the total property valuation, as assessed for taxable purposes within the districts affected, presented within three months after the adoption of a resolution or ordinance providing for an assessment by frontage, be stated to insufficiently represent the amount of benefits to such properties, in which case the proceedings by taxpayers authorized above shall be applicable. Upon the filing of such a petition by taxpayers, as aforesaid, for appointment of viewers, any assessment made by the supervisors and any proceedings thereunder shall be stayed pending the disposition of the petition by the court.]

*Section 2613. Procedure for Assessment.—If any taxpayer or taxpayers, by petition, within three months of the adoption of a resolution or ordinance levying an assessment under section 2612, state to the court of common pleas that the assessment insufficiently represents the benefits accruing to abutting properties, they may include in the petition a request for the appointment of viewers to assess benefits. The court shall appoint three disinterested persons from the board of county viewers, none of whom shall be a resident of that portion of the township which is accommodated by the water system in question, and the viewers shall proceed under this act for the assessment of damages and benefits by viewers. Upon the filing of the petition by taxpayers, any assessment made by the board of supervisors and any proceedings shall be stayed pending the disposition of the petition by the court.*

[Section 1612. Liens for Assessments; Costs of Proceedings.—After the amount of the assessment charged upon the several properties has been established, either by resolution or ordinance making assessments according to frontage, or by confirmation of any report of viewers in whole or in part, it shall be the duty of the township supervisors to file municipal liens for the assessments covered by such resolution, ordinance or confirmation within the time and in the manner provided by law, the same to be subject in all respects to the general law providing for the filing and recovery of municipal liens. The amounts of all assessments shall be payable to the township treasurer for the use of the township. The supervisors shall also make out bills for the amount charged against each property, which shall be forthwith sent to all property owners

The order shall set forth a specific time in which the abatement and corrective action shall be accomplished. If the order is not complied with within the time provided, the board of health, health officer or inspectors may enter the premises and issue orders for the immediate termination of activities creating the violation, the potential violation and all acts of commerce conducted in, on or at the premises in question. **CONTRACTS**

**Section 3101. Power to Make Contracts.**—*The board of supervisors may make contracts for purchases under this act and the laws of this Commonwealth.*

**Section 3102. Letting Contracts.**—*(a) All contracts or purchases in excess of the required advertising amount of ten thousand dollars (\$10,000), except those specifically excluded, shall not be made except with and from the lowest responsible bidder after due notice in one newspaper of general circulation in the township. The notice for bids shall be published at least two times at intervals of not less than three days in daily newspapers or once a week for two successive weeks in weekly newspapers. The first advertisement shall be published not more than forty-five days and the second advertisement not less than ten days before the date set for the opening of bids. Notice of proposed contracts or purchases shall also be posted where the board of supervisors normally meets or in a conspicuous place within the township. Any published notice for bids shall contain full plans and specifications or refer to the places where copies thereof can be obtained and give the date, time and place of a meeting at which an individual or committee appointed by the board of supervisors or the board of supervisors will open and read the bids.*

*(b) Written or telephonic price quotations from at least three qualified and responsible contractors shall be requested for all contracts that exceed four thousand dollars (\$4,000) but are less than the amount requiring advertisement and competitive bidding, or, in lieu of price quotations, a memorandum shall be kept on file showing that fewer than three qualified contractors exist in the market area within which it is practicable to obtain quotations. A written record of telephonic price quotations shall be made and shall contain at least the date of the quotation, the name of the contractor and the contractor's representative, the construction, reconstruction, repair, maintenance or work which was the subject of the quotation and the price. *(d) The amount of the contract, whether of straight sale price, conditional sale, lease, lease purchase or otherwise, is the entire amount the township pays to the successful bidder in order to obtain the services or property, or both, and does not mean only the amount which is paid to acquire title or to receive any other particular benefit or benefits.*

*(e) The award of contracts shall only be made by public announcement at the meeting at which bids are opened by the board of supervisors, or received from the individual or committee appointed by the board of supervisors to open and read bids, or at a subsequent meeting of the board of supervisors, the time and place of which shall be publicly announced when bids are received. If for any reason one or both of the meetings are not held, the same business may be transacted at a subsequent meeting if at least five days' notice of the meeting is published in the same newspaper as the notice of bids. Bidders shall be notified and other interested parties, upon request, shall be notified of the date, time and location of the opening of bids and may be present when the bids are opened.*

*(f) The board of supervisors may reject all bids received if it is believed to be in the best interest of the township, and at a public meeting the reasons for the rejection of all bids shall be announced and be noted in the minutes.*

*(g) Unless covered under the bonding requirements of the act of December 20, 1967 (P.L.869, No.385), known as the "Public Works Contractors' Bond Law of 1967," the successful bidder shall furnish a bond guaranteeing performance of the contract, in the amount of fifty percent of the amount of the contract, within twenty days after the contract is awarded. If the bidder fails to furnish the bond within twenty days, unless delivery is made or the entire contract is fulfilled during that time, the contract is void. Delivery, accomplishment and guarantees may be required in all cases, including the exceptions contained in this section.*

*(h) The contracts or purchases made by the board of supervisors involving payments in excess of the required advertising amount, which do not require advertising, bidding or price quotations are as follows:*

*(2) Those made for improvements, repairs or maintenance of any kind made or provided by any township through its own employes. All contracts or purchases of materials used for improvement, maintenance or construction in excess of four thousand dollars (\$4,000) but less than the required advertising amount are subject to the provisions contained in subsection (b), and those contracts or purchases in excess of the required advertising amount are subject to the advertising requirements contained in subsection (a).*

*(3) Those involving any policies of insurance or surety company bonds, those made for public utility service and those made with another municipal corporation, county, school district or municipality authority or Federal or State Government, including the sale, leasing or loan of any supplies or materials by the Federal or State Government or their agencies.*

*(4) Those involving personal or professional services.*

**(5) Those made for materials and supplies or equipment rental under emergency conditions under 35 Pa.C.S. Pt. V (relating to emergency management services).**

**(6) Those contracts involving equipment rental with operators if more than fifty percent of the total labor personnel hours required for the completion of the contract is supplied by the township through its own employes.**

**(7) Those contracts for the purchase of repair parts or materials for use in existing township equipment or facilities if the item or material to be purchased is the sole item of its kind on the market or is manufactured as a replacement for the original item or equipment being repaired.**

**(8) Those for used equipment, articles, apparatus, appliances, vehicles or parts thereof being purchased from a public utility.**

**(i) No township official, either elected or appointed, or township employe who knows, or who by the exercise of reasonable diligence could know, shall be interested to any appreciable degree, either directly or indirectly, in any contract for the sale or furnishing of any supplies or materials for the use of the township or for any work to be done for the township involving the payment by the township of more than five hundred dollars (\$500) in any year unless the contract is awarded through the public bid process. This limitation does not apply if the officer or appointee of the township is an employe of the person, firm or corporation to which the money is to be paid in a capacity with no possible influence on the transaction and the officer cannot possibly be benefited thereby, either financially or otherwise. If a supervisor is within this exception, the supervisor shall so inform the board of supervisors and refrain from voting on the payments and shall in no manner participate in the contract. Any official or appointee who knowingly violates this provision is subject to surcharge to the extent of the damage shown to be sustained by the township, is ousted from office or employment and commits a misdemeanor of the third degree.**

**(j) Contracts for the purchase of materials or rental of equipment for the construction, reconstruction, maintenance and improvement of roads and bridges shall be in writing and let only on standard specifications of the Department of Transportation.**

**(k) Contracts for the purchase of materials or supplies may be bid on a per-unit basis.**

**(l) Every contract for the construction, reconstruction, alteration, repair, improvement or maintenance of public works shall comply with the act of March 3, 1978 (P.L.6, No.3), known as the "Steel Products Procurement Act."**

**(m) No person, consultant, firm or corporation contracting with a township for purposes of rendering personal or professional services to the township shall share with any township officer or employe, and no township officer or employe shall accept, any portion of the compensation**

*or fees paid by the township for the contracted services provided to the township except under the following terms or conditions:*

*(1) Full disclosure of all relevant information regarding the sharing of the compensation or fees shall be made to the board of supervisors.*

*Section 3103. Road Contracts.—The board of supervisors may make a contract for the improvement and keeping in repair of township roads. No contract shall extend over a period of more than four years. Every contractor for road work shall give bond for the amount of the contract and sign specifications furnished by the board of supervisors for the building and care of the contract roads.*

*Section 3104. Evasion of Advertising Requirements.—(a) No supervisor shall evade the provisions of section 3101 as to advertising for bids by purchasing or contracting for services and personal properties piecemeal to obtain prices under the required advertising price. This provision is intended to make unlawful the evading of advertising requirements by making a series of purchases or contracts each for less than the advertising requirement price, or by making several simultaneous purchases or contracts each below the required advertising price, when the transactions involved should have been made as one transaction for one price. Any supervisors who vote in violation of this provision and who know that the transaction upon which they vote is or ought to be part of a larger transaction and that it is being divided in order to evade the requirements as to advertising for bids are jointly and severally subject to surcharge for ten percent of the full amount of the contract or purchase.*

*(b) Any supervisor who votes to unlawfully evade the provisions of this article and who knows that the transaction upon which he so votes is or ought to be a part of a larger transaction and that it is being divided in order to evade the requirements as to advertising for bids commits a misdemeanor of the third degree for each contract entered into as a direct result of that vote. This penalty shall be in addition to any surcharge which may be assessed pursuant to subsection (a).*

*Section 3105. Bonds for Protection of Labor and Material Suppliers.—Before any contract exceeding five thousand dollars (\$5,000) is awarded to any prime contractor or construction manager for the construction, reconstruction, alteration or repair of any building or other public work or public improvement of the township, the contractor shall furnish to the township a payment bond for the protection of claimants*

*supplying labor or materials to the prime contractor to whom the contract is awarded, at one hundred percent of the contract amount, conditioned for the prompt payment of all materials furnished or labor supplied or performed in the prosecution of the contract under the act of December 20, 1967 (P.L.869, No.385), known as the "Public Works Contractors' Bond Law of 1967."*

**Section 3106. Purchase Contracts for Supplies and Equipment; Fire Company, Et Cetera; Participation.**—*The board of supervisors may permit any paid or volunteer fire company, paid or volunteer rescue company and paid or volunteer ambulance company in the township to participate in purchase contracts for supplies and equipment of the township and agreeing that it will be bound by any terms and conditions the township prescribes.*

**Section 3107. Separate Specifications for Branches of Work.**—*In the preparation of specifications for the erection or alteration of any public building, when the entire cost of the work exceeds the advertising requirement price, the architect, engineer or person preparing the specifications shall prepare separate specifications for the plumbing, heating, ventilating and electrical work, and the township shall receive separate bids upon each of those branches of work and award the contract to the lowest bidder.*

**Section 3108. Workers' Compensation Insurance.**—*(a) All contracts executed by any township which involve the construction or performance of any work involving the employment of labor shall contain a provision that the contractor shall accept, and file with the township proof of compliance with or exemption from, insofar as the work covered by the contract is concerned, the act of June 2, 1915 (P.L.736, No.338), known as the "Workers' Compensation Act."*

*(b) Any contract executed in violation of this section is void.*

**Section 3109. Engineers and Architects Not to be Interested in Contracts.**—*(a) No architect or engineer in the employ of a township and engaged in the preparation of plans, specifications or estimates may bid on any public work at any letting of the work in the township.*

*(b) An officer of a township who is charged with letting any public work may not award a contract to any architect or engineer in the employ of the township.*

*(c) An architect or engineer in the employ of a township may not be interested in any contract for public work in the township or receive any remuneration or gratuity from any person interested in any contract except under section 3102(l).*

*(d) Any person who violates this section commits a misdemeanor of the third degree.*

The proposed budget shall reflect as nearly as possible the estimated revenues and expenses of the township for the year for which the budget is prepared. A township shall not prepare and advertise notice of a proposed budget when it is knowingly inaccurate. Upon any revision of the proposed budget, if the estimated revenues or expenses in the final budget are increased more than ten percent in the aggregate or more than twenty-five percent in any major category over the proposed budget, it may not be legally adopted with those increases unless it is again advertised once, the same as the original proposed budget, and an opportunity given to taxpayers to examine the amended proposed budget. A major category is a group of related revenue or expense items, the combined total of which is listed as a line item on the annual budget forms furnished by the Department of Community Affairs under section 3203. The budget shall be prepared on a uniform form prepared and furnished under section 3203. *(c) The total appropriation shall not exceed the revenues estimated as available for the fiscal year. The board of supervisors shall within fifteen days after the adoption of the budget file a copy of the budget with the Department of Community Affairs.*

*(d) During the month of January next following any municipal election, the board of supervisors may amend the budget and the levy and tax rate to conform with its amended budget. A period of ten days' public inspection at the office of the township secretary of the proposed amended budget, after notice by the township secretary to that effect is published once in a newspaper of general circulation in the township, shall intervene between*

*the adoption of the proposed amended budget and the final adoption of the amended budget. Any amended budget must be adopted by the board of supervisors on or before the fifteenth day of February. No proposed amended budget shall before final adoption be revised upward in excess of ten percent in the aggregate or in excess of twenty-five percent of the amount of any major category in the proposed amended budget. The president of the State Association of Township Supervisors shall supply to the Department of Community Affairs the names and addresses of the representatives immediately upon their appointment.*

*(c) Representatives of the townships shall serve without compensation but shall be reimbursed by the Commonwealth for all necessary expenses incurred in attending meetings of the committee from appropriations made to the Department of Community Affairs. The committee shall meet at the call of the Secretary of Community Affairs, or an agent of the secretary, who shall chair the committee.*

*(d) In preparing the uniform forms, the committee shall give careful consideration to the fiscal needs and procedures of townships of the various*

*population groups, producing separate forms, if necessary, to meet the needs of townships of varying sizes. The form for annual reports shall contain the information required to be furnished under this act and any other information the committee believes proper and shall be arranged to correlate with the forms for the budget, respecting order of items and division of revenues by major classifications and disbursements by major functions. The committee shall also prescribe the form of the statement summarizing the annual report which is required to be published under this act.*

(2) *Combine moneys from more than one fund under township control for the purchase of a single investment if each of the funds combined for the purpose is accounted for separately in all respects and the earnings from the investment are separately and individually computed and recorded and credited to the accounts from which the investment was purchased.*

All taxes shall be collected in cash.*

(2) *An annual tax not exceeding five mills to light the highways, roads and other public places in the township.*

(3) *An annual tax not exceeding fifty percent of the rate of assessment for the general township tax to procure land and erect public buildings thereon and for the payment of indebtedness incurred in connection therewith.*

A revolving fund may also be used for the deposit of funds raised through the issuance of general obligation bonds of the township for the making of permanent street, sidewalk, water supply or sewer improvements. When all or part of the cost of the construction of any permanent street, sidewalk, water supply or sewer improvement is paid from the revolving fund and is later assessed and collected from the owners of*

*the property adjoining or abutting upon the improvement, the collections shall be applied to the credit of the revolving fund to the extent of the withdrawal therefrom for that purpose.*

*(10) An annual special tax not exceeding two mills to create and accumulate moneys in a road equipment fund to be used exclusively for purchasing road equipment.*

*(b) When it is shown to the court that the debts due by any township exceed the amount which the board of supervisors may collect in any year by taxation, the court, after ascertaining the amount of indebtedness of the township, may in an action of mandamus direct the board of supervisors, by special taxation, to collect an amount sufficient to pay the debts. If the amount of indebtedness is so large as to render it inadvisable to collect the entire amount in any one year, the court may direct the special taxes to be levied and collected during successive years as may be required for payment of the debt.*

*Section 3206. Procedure for Referendum on Tax Questions.—When the assent of the electors is required under this article for special tax levies, the county board of elections shall frame the question under the election laws of this Commonwealth for submission to the voters of the township at the first municipal or general election occurring not less than sixty days after submission of the question.*

*Section 3207. Taxes for Special Districts.—This article does not include the levy of any taxes upon particular districts or parts of any township for particular purposes.*

*Section 3208. Tax Rate to be Expressed in Dollars and Cents.—When the board of supervisors by resolution establishes the rate of taxation for any year at a mill rate, the resolution shall also include a statement expressing the rate of taxation in dollars and cents on each one hundred dollars (\$100) of assessed valuation of taxable property.*

*Section 3209. Tax Duplicates.—The board of supervisors shall require a duplicate to be made designating the amount of township tax levied against each taxpayer of the township, and also duplicates for all other taxes levied and assessed under this act, and deliver the duplicate within thirty days after the adoption of the budget or within thirty days after receipt of the assessment roll from the county, whichever is later, to the township tax collector.*

*Section 3210. Additions and Revisions to Duplicates.—(a) When there is any construction of a building or buildings not otherwise exempt as a dwelling after the first day of January of any year and the building is not included in the tax duplicate of the township, the authority responsible for assessments in the township shall upon the request of the board of supervisors direct the assessor in the township to inspect and reassess, subject to the right of appeal and adjustment by the State law under which assessments are made, all taxable property in the township to which major improvements have been made after the first day of January of any year*

*and to give notice of the reassessments within ten days to the authority responsible for assessments, the township and the property owner. The property shall be added to the duplicate and is taxable for township purposes at the reassessed valuation for that proportionate part of the fiscal year of the township remaining after the property was improved. Any improvement made during the month shall be computed as having been made on the first day of the month. A certified copy of the additions or revisions to the duplicate shall be furnished by the board of supervisors to the township tax collector, together with its warrant for collection of the taxes, and within ten days the township tax collector shall notify the owner of the property of the taxes due in the township.*

*Section 3301. Assessments Collected by Tax Collector.—(a) When any assessment for street lights, fire hydrant service, police protection or other service is implemented by the board of supervisors and charged to the tax collector for collection, assessments for the service shall be filed with the township tax collector. The tax collector shall give thirty days' notice that the assessments are due and payable. The notice shall state the due date to each party assessed and be served by mailing notice to the owner of the property. The tax collector is entitled to the same commission for the collection of these assessments as for the collection of the general township tax. If any assessment remains unpaid ninety days after the due date, it shall be turned over to the township solicitor for collection by means of an action in assumpsit for recovery or a municipal lien filed against the property of the delinquent owner for the amount of the unpaid assessment, plus interest established by the board of supervisors from the date the assessment was due. If an owner has two or more lots against which there is an assessment for the same year, the lots shall be embraced in one claim. Assessments, when collected, shall be paid over to the township treasurer, who shall deposit and keep them in a separate account, to be paid out only for expenses incurred in providing the service. Each special assessment account shall be audited by the board of auditors of the township.*

*(b) When any assessment for refuse collection in special districts or other service is charged against the owners, occupants or tenants of property within the township, the collection of which is charged to the tax collector, the assessments for the service shall be filed with the tax collector. The tax collector shall give thirty days' notice that the assessments are due and payable. The notice shall state the due date to each party assessed and be served by mailing to the owner, occupant or tenant of the property. The tax collector is entitled to the same commission*

*for the collection of these assessments as for the collection of the general township tax. If any assessment remains unpaid ninety days after the due date, it shall be turned over to the township solicitor for collection by action in assumpsit for the amount of the unpaid assessment, plus interest established by the board of supervisors from the date the assessment was due and all costs incurred in the collection of the assessment. Assessments, when collected, shall be paid over to the township treasurer, who shall deposit and keep them in a separate account, to be paid out only for expenses incurred in providing the service. Each special assessment account shall be audited by the board of auditors of the township.*

**Section 3302. Assessments Collected by Township Treasurer.**—(a) *When any assessment for construction, maintenance and repair of street, sewer, water, sidewalks, curbs or other service is implemented by the board of supervisors, the collection of which is not charged to the tax collector, the assessments for the service shall be filed with the township treasurer. The township treasurer shall give thirty days' notice that the assessments are due and payable. The notice shall state the due date to each party assessed and shall be served by mailing it to the owner of the property. If any assessment remains unpaid ninety days after the due date, it shall be turned over to the township solicitor for collection by means of an action in assumpsit for recovery or a municipal lien filed against the property of the delinquent owner for the amount of the unpaid assessment, plus interest established by the board of supervisors from the date the assessment was due. If an owner has two or more lots against which there is an assessment for the same year, the lots shall be embraced in one claim. Upon receipt of payment of assessments, the township treasurer shall deposit the assessments in a separate account, to be paid out only for expenses incurred in providing the service. Each special assessment account shall be audited by the board of auditors of the township.*

(b) *When any assessment for refuse collection or other service is charged against the owners, occupants or tenants of property within the township, the collection of which is not charged to the tax collector, the assessments shall be filed with the township treasurer. The township treasurer shall give thirty days' notice that the assessments are due and payable. The notice shall state the due date to each party assessed and be served by mailing it to the owner, occupant or tenant of the property. If any assessment remains unpaid ninety days after the due date, it shall be turned over to the township solicitor for collection by action in assumpsit for the amount of the unpaid assessment, plus interest established by the board of supervisors from the date the assessment was due and all costs incurred in the collection of the assessment. Upon receipt of the assessments, the township treasurer shall deposit and keep them in a separate account, to be paid out only for expenses incurred in providing the service. Each special*

*assessment account shall be audited by the board of auditors of the township.*

*Section 3303. Installment Payments.—(a) When any township authorizes the construction or acquisition of any sanitary sewer or system of sanitary sewers, or the improvement of any street or portion thereof, or the installation of curbing or sidewalks, or a water supply or water systems, and all or part of the cost is assessed against the properties benefited, improved or accommodated by the sewer or system of sewers, or curbing or sidewalks, or water supply, or abutting upon the street or portion thereof, the board of supervisors may authorize the payment of the assessment in equal annual or more frequent installments. The ordinance shall specify the length of time over which the installments may be extended and whether payments are to be made by annual or more frequent installments. Installments shall bear interest at a rate not to exceed six percent or a higher amount equal to the amount of interest on the indebtedness, if any, commencing at the time established by ordinance. If bonds have been issued and sold to provide for the payment of any street improvement, the assessments shall not be payable beyond the term for which the bonds are issued, and the expenses for the improvements and interest thereon to the first day when interest is payable on the bonds shall be taken as the cost of the improvement to be assessed on the property benefited.*

*(b) Claims to secure the assessments shall be entered in the prothonotary's office of the county at the same time and in the same form and shall be collected in the same manner as municipal claims are filed and collected.*

*(c) Assessments are payable to the township treasurer in quarterly, semi-annual or annual installments, with interest from the date from which interest is computed on the amount of the assessments.*

*(d) If there is a default in the payment of any installment and interest for a period of sixty days after it becomes due, the entire assessment and accrued interest shall become due, and the township solicitor shall proceed to collect the assessment under the general laws relating to the collection of municipal claims.*

*(e) Any owner of property against whom any assessment is made may pay the assessment in full, at any time, with interest and costs thereon to the due date of the next installment, and that payment shall discharge the lien.*

*Section 3401. Scope of Article.—When the right of eminent domain or the ascertainment and assessment of damages and benefits in viewer proceedings is exercised by a township, the proceeding shall be as set forth in this article. In addition to any of the provisions of this act, all eminent*

**Section 3402. Restrictions as to Certain Property.**—(a) *In addition to the restrictions made by other provisions of this act in particular cases, no township shall, except as provided in subsection (b), exercise the right of eminent domain against land now occupied by any building which was used during the Colonial or Revolutionary period as a place of Assembly by the Council of the Colony of Pennsylvania, the Supreme Executive Council of the Commonwealth of Pennsylvania or the Congress of the United States; or against the land occupied by any fort, redoubt or blockhouse erected during the Colonial or Revolutionary period or any building used as headquarters by the Commander-in-Chief of the Continental Army; or against the site of any building, fort, redoubt, blockhouse or headquarters, which are preserved for their historic associations and not for private profit. The Colonial and Revolutionary period is taken as ended on September 3, 1783.*

(b) *The restriction on eminent domain provided in subsection (a) shall not apply:*

(1) *if a township in a county of the second class A obtains a statement from the Pennsylvania Historical and Museum Commission or the historical society of the county where the land is situate certifying that the building or other structure, the existence of which would otherwise restrict the township from exercising the right of eminent domain, is not being maintained in a manner appropriate to an historical structure; and*

(2) *if the purpose of the acquisition of the land and structures by a township in a county of the second class A is to ensure the preservation and maintenance of the historical site and structure sought to be protected by subsection (a).*

**Section 3403. Value of Land or Property Not to be Assessed as Benefits.**—*In the appropriation of land or property for public use, other than for roads, it is not lawful to assess any portion of the damage done to or value of the land or property so appropriated against the other property adjoining or in the vicinity of the land or property so appropriated.*

**Section 3404. Title Acquired.**—*When land or property is taken under eminent domain proceedings, other than for road purposes, or is acquired by gift, purchase or otherwise, the title obtained by the township is in fee simple. In particular instances, a different title may by agreement be acquired.*

**Section 3405. Assessment of Damages and Benefits.**—*The damages may be paid in whole or in part by the township or may be assessed in whole or in part upon the property benefited. In the latter case, the viewers, having first determined the damages apart from the benefits, shall assess the total cost of the improvement, or so much thereof as may be just and reasonable, upon the properties peculiarly benefited, including in the assessment all parties for which damages have been allowed, and shall report the findings*

*to the court. The total assessment for benefits shall not exceed the total damages awarded or agreed upon.*

*Section 3406. Assessment Awards.—In proceedings to assess damages and benefits, if the land or property is both benefited and damaged by the improvements, the excess of damages over benefits or the excess of benefits over damages, or nothing if the benefits and damages are equal, shall be awarded to or assessed against the owner of land or property affected thereby.*

*Section 3407. Assessments to Bear Interest.—All assessments for benefits and costs shall bear interest at six percent annually from the expiration of thirty days after they have been finally ascertained and shall be payable to the township treasurer.*

All fines collected for violation of this act shall be paid to the township treasurer and credited to the general township fund.*

#### ARTICLE [XXI] XXXVI ACTIONS BY [AND AGAINST] TOWNSHIPS

[Section 2106. Recovery of Municipal Claims.—In addition to the remedies provided by law for the filing of liens for the collection of municipal claims, a township may proceed for the recovery and collection of any municipal claim by action of assumpsit against the person who was the owner of the property at the time of the completion of the improvement, notwithstanding the fact that there was a failure on the part of any such township, or its agents, to enter such municipal claim as a lien against the property assessed for the improvement, and for the recovery of which the action of assumpsit was brought.

Any such action in assumpsit shall be commenced within three years after the completion of the improvement from which said claim arises.]

*Section 3601. Recovery of Municipal Claims.—(a) In addition to the remedies under law for the filing of liens for the collection of municipal claims, a township may proceed for the recovery and collection of any municipal claim by action of assumpsit against the person who was the owner of the property when the improvement was completed, even if there was a failure on the part of the township or its agents to enter the municipal claim as a lien against the property assessed for the*

*improvement, and for the recovery of which the action of assumpsit was brought.*

*(b) Any action in assumpsit shall be commenced within three years after the completion of the improvement from which the claim arises.*
